INTRODUCTION

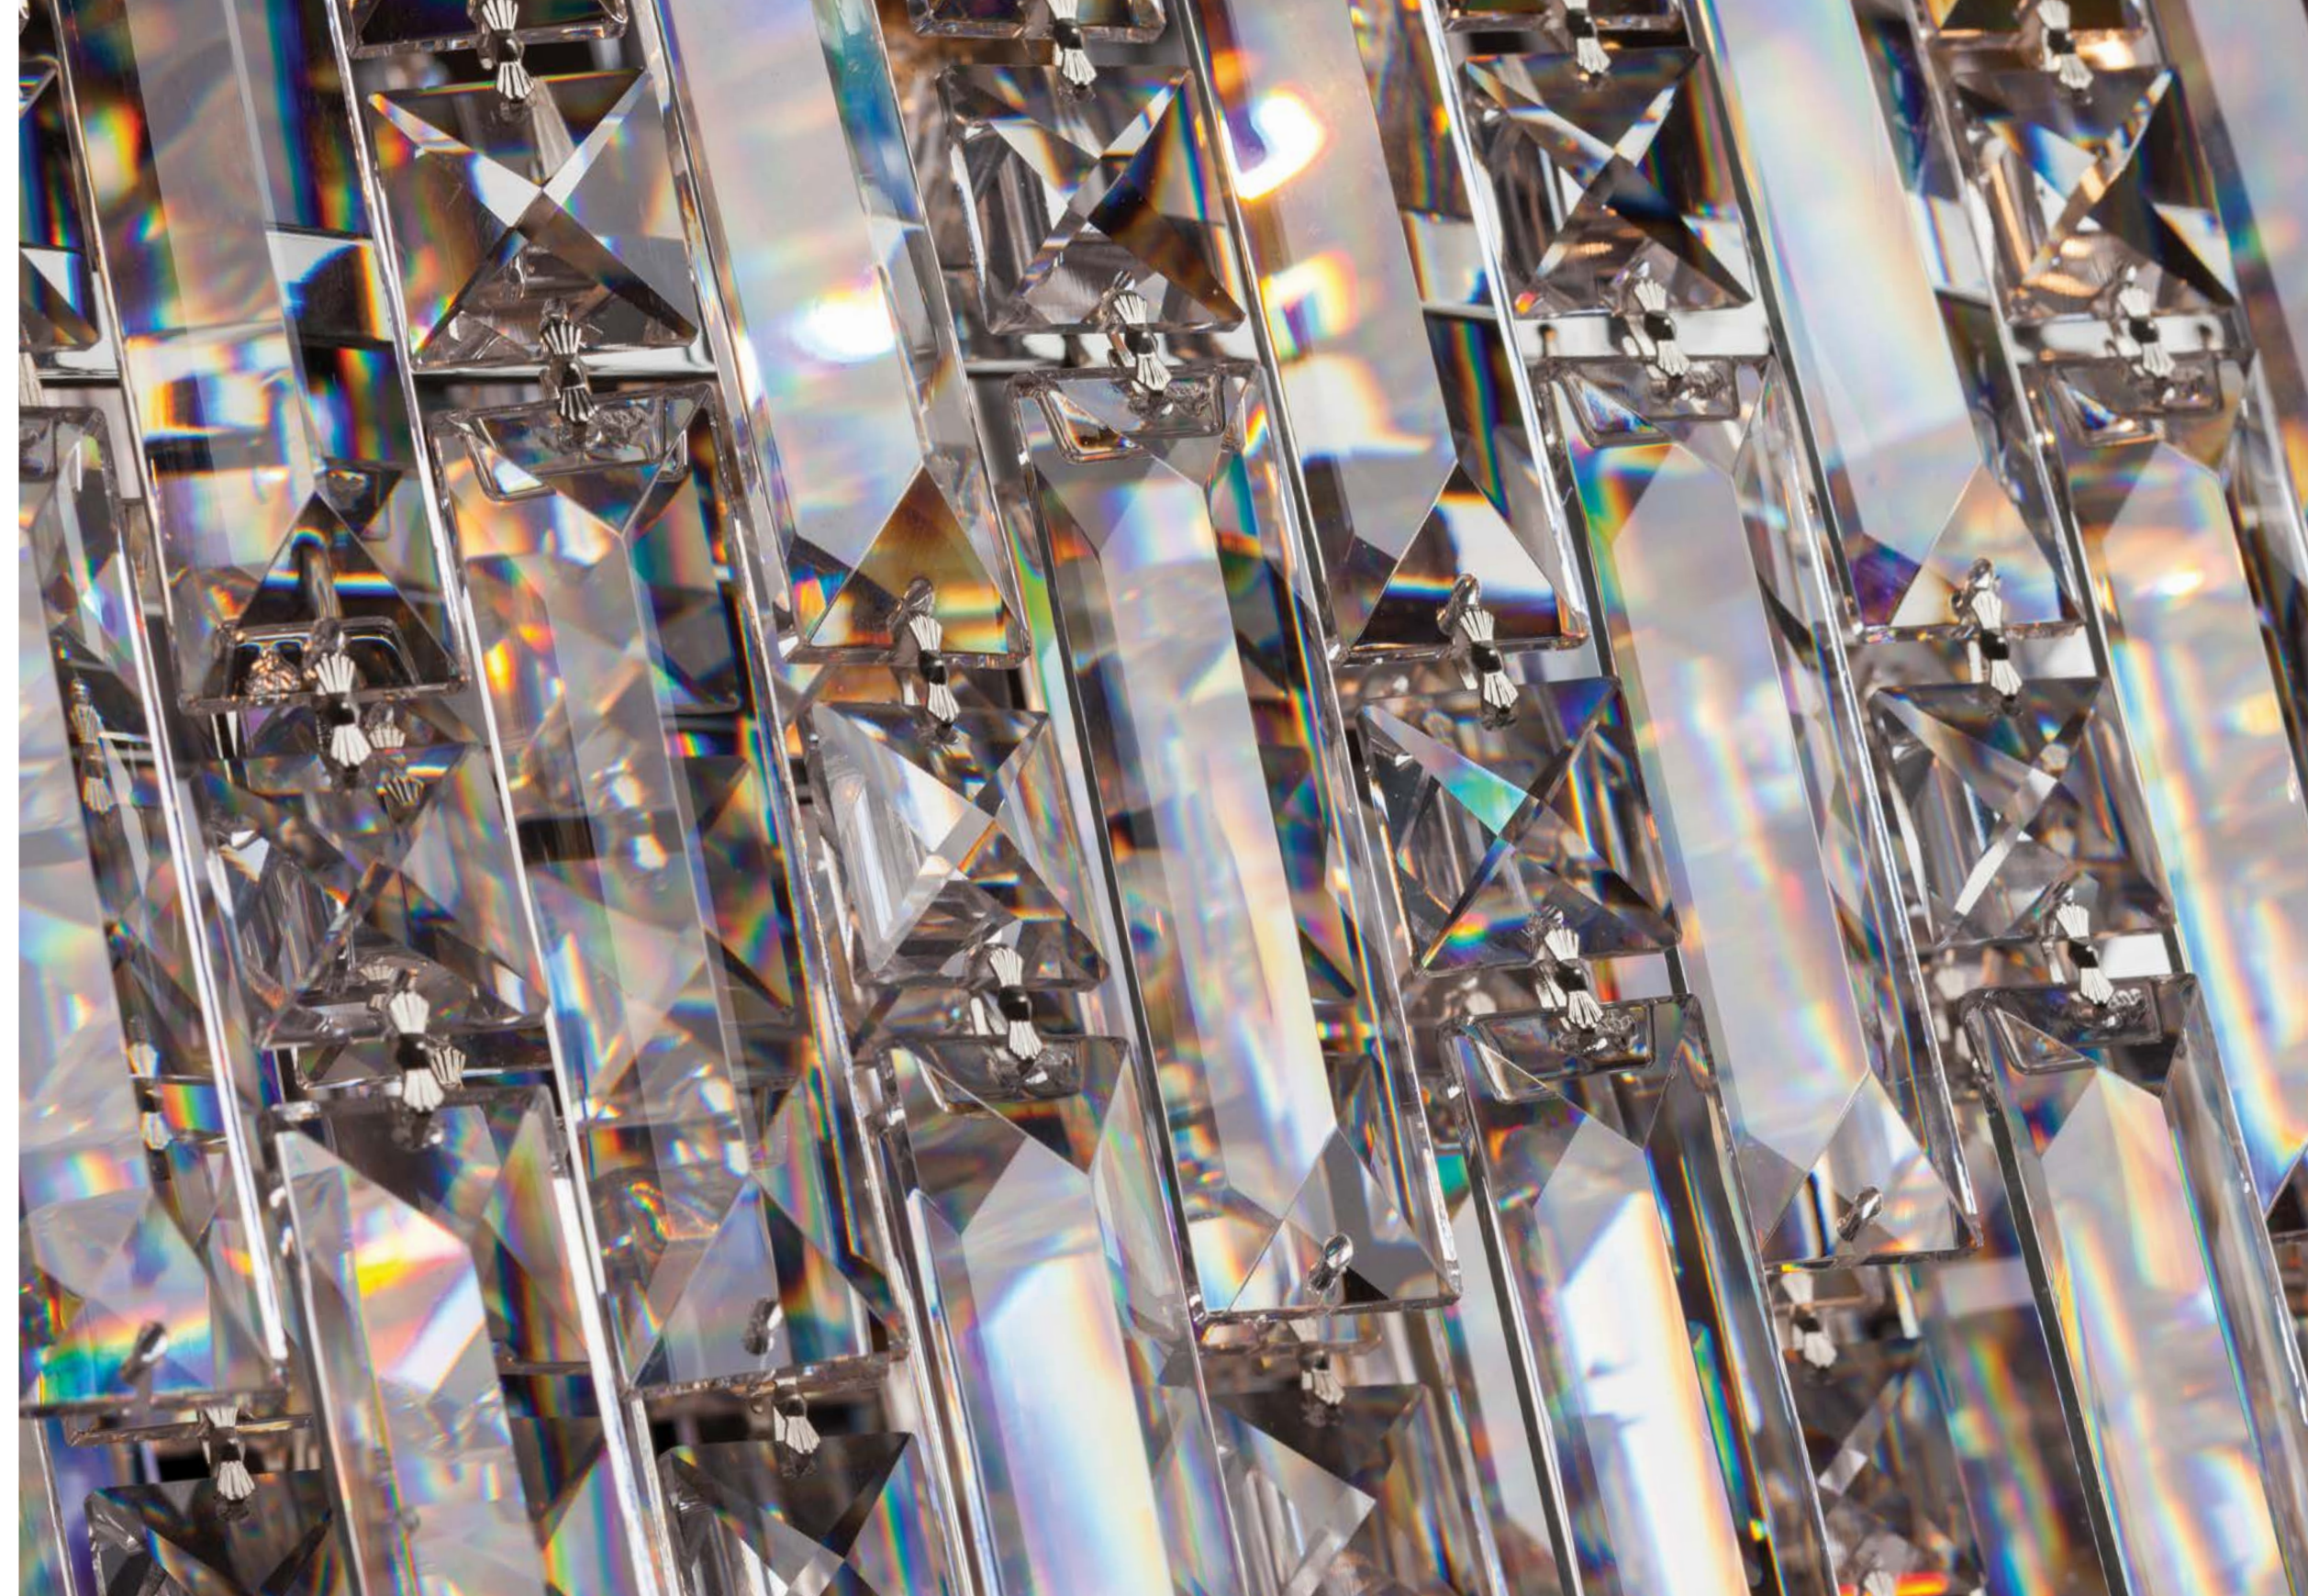

Our devoted journey toward excellence has allowed us to transcend local boundaries to impress more than a 1.000 lighting and decoration designers and manufacturers in more than 50 countries around the world. crowning Asfour Crystal's name as an essential ingredient of international design. Our products are lighting up more than 40 countries and projects of scale. from Russia to Honduras.

Our unparalleled expertise in transforming spaces into captivating works of art has allowed us to cover a diversified number of projects in all corners of the globe to include hotels, ballrooms, mosques, diplomatic properties, cultural centers, and palaces.

With more than 2,000 types and sizes of lighting fixtures, varying from ceiling, table, floor, and pendant lamps to unique spotlights and candlesticks, Asfour Crystal guarantees to offer customers a world of elegance, meticulously perfected to universal satisfaction.

Asfour Crystal ensures to exceed your every expectation, not only by operating according to the highest international standard (CE and SASO), but also by offering a professional after-sales service that guides you through every step of the way, from concept and installation to maintenance and efficient follow up.

Asfour Crystal's brand name has become synonymous with some of the world's most impressive landmarks and projects.

MORE THAN 55 YEARS OF ACHIEVEMENTS

Asfour Crystal's origins date back to 1961, where a humble 2,200 square meter workplace in Cairo operated by 200 craftsmen laid a solid foundation for a remarkable journey to begin.

It is in this humble space that masterpieces were born, swiftly allowing Asfour Crystal to evolve into the largest manufacturer and exporter of full-cut lead crystals, shining across the four corners of the globe.

Decades of rich tradition have inspired Asfour Crystal's craftsmen to understand that each crystal piece is an original unique embodiment of beauty.

Asfour Today

Spreading over an enormous space, our factory invests in thousands of passionate employees and highly talented craftsmen who perfect the true treasures of the trade.

Innovative techniques and meticulous tools are constantly adopted and utilized by our workforce to craft some of the world's purest and most luxurious crystals for countless applications and use. Asfour Crystal's binding commitment to excellence has led it to cooperate with a variety of reputable global research institutes and technology-based companies to ensure continuous improvement of its production technologies and the efficiency of its machinery.

Expert consultation has played a pivotal role in the company's development over the years, not only improving the learning curve but also upgrading the overall performance and the quality produced.

Asfour Presence

Asfour Crystal is proud to have rapidly gained the trust of more than 90 countries across the globe, leaving its quality mark to shine on the world.

The key to Asfour Crystal's success lies in understanding and appreciating the heritage and equity of the brand which accordingly guides the team in selecting representatives and distributors who take the same pride to best represent Asfour Crystal worldwide.

Asfour Crystal's pillars of success set a solid foundation, guiding its journey towards leadership and constant growth.

Innovation, quality, customer satisfaction, craftsmanship, and ambition are our drive to shine upon the world's crystal industry. Our ongoing quest to always adopt and implement penetrative and innovative processes not only helps us respond to our customers' ever-changing needs, but more importantly drives us to anticipate and meet future trends.

Accordingly, Asfour Crystal develops new ideas and products with a leading edge, contributing to its pioneering position in the market while ensuring that it always stays ahead.

Contribution to Economy

Asfour Crystal's visionary strategy has allowed it to swiftly transcend local boundaries to become a key contributor to the Egyptian economy. What we do today defines our country's future economy by leading the global export market.

Building on its extensive years of heritage, Asfour Crystal adopts the latest innovations in technology to meet global standards. Asfour Crystal exports to some of the world's most competitive markets like China. Today, the company takes pride in contributing to Egypt's share in foreign currency.

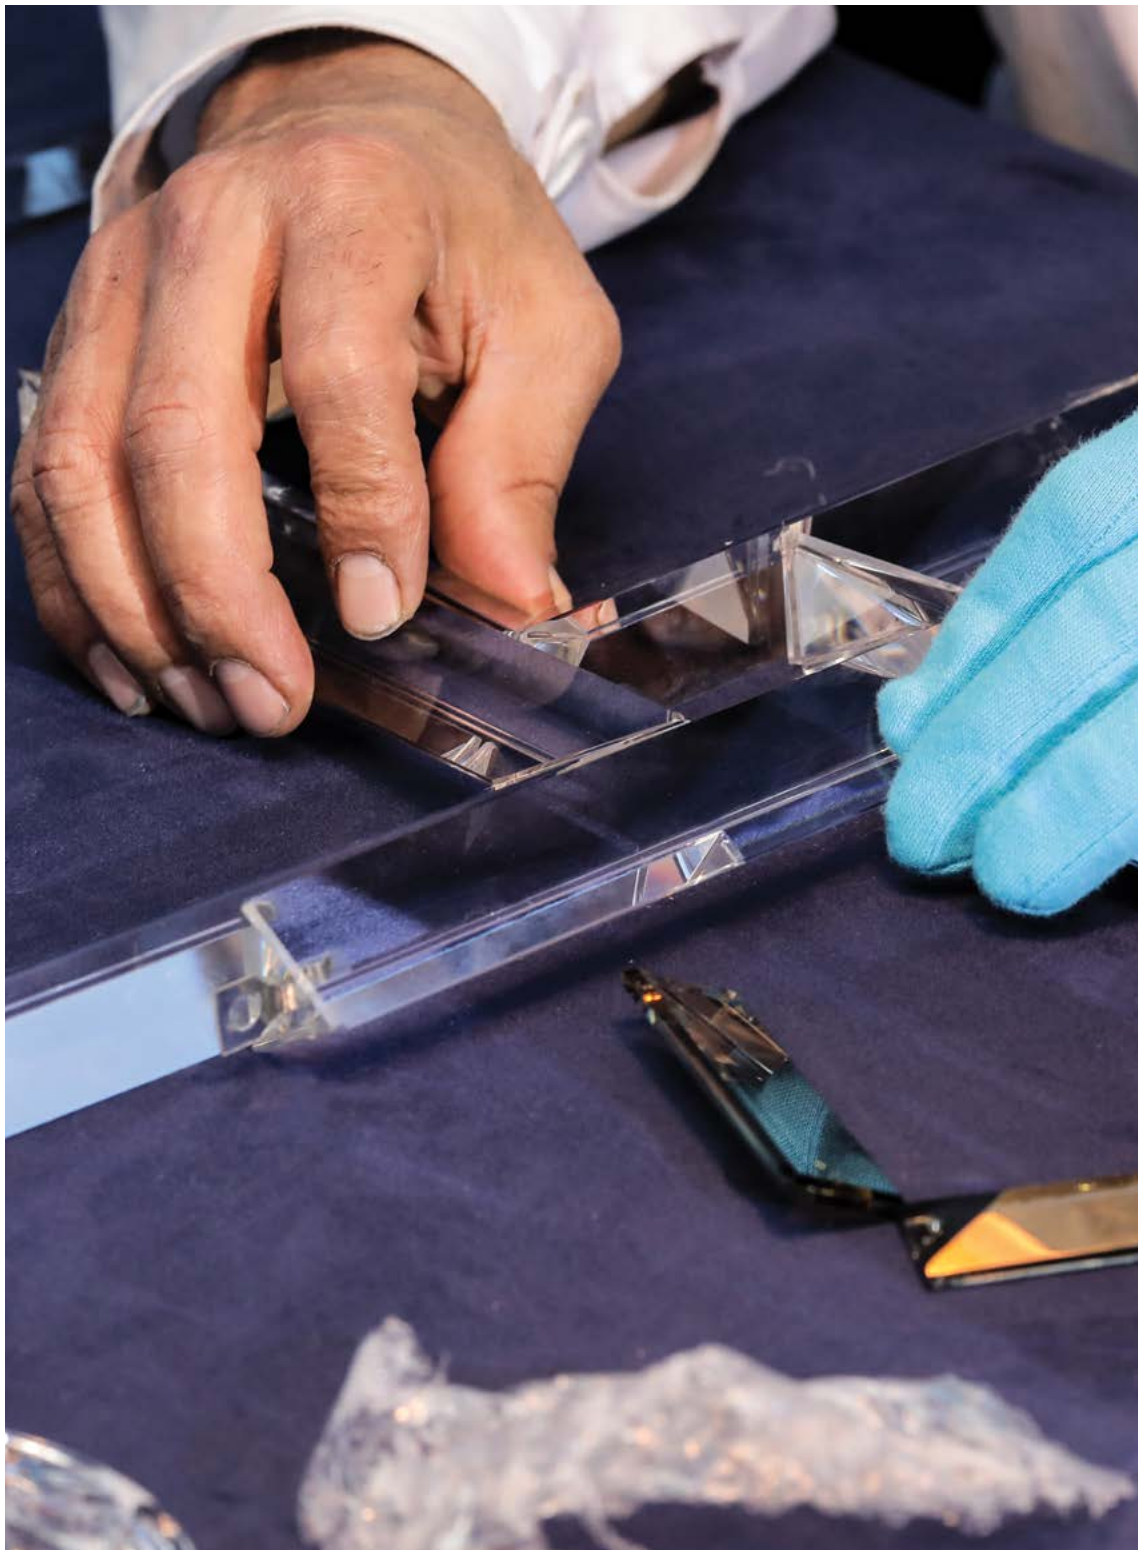

FROM CONCEPT TO INSTALLATION

Our main objective is fulfilling our customers' needs and exceeding their expectations.

With our idealistic and detail-oriented eye, we transform spaces into breathtaking portraits of creativity.

Our specialty is not limited to time, space, or venue. We have been transforming spaces with our decorative lighting in private residences, hotels, commercial venues, and governmental buildings. We have the ability to foresee the whole process starting from the design's customization to installation.

MANUFACTURING

Our emblem is a quality trademark, crowning unparalleled precision and lasting color luminosity.

We offer the world opulent pieces with outstanding quality, absolutely free from blurs, bubbles, and streaks, which justifies our leading edge that shines upon the crystal industry all over the world.

The process of perfecting our quality is rooted in our premium machinery and our breakthrough glass, which are both golden requirements to perfect every crystal piece to universal satisfaction.

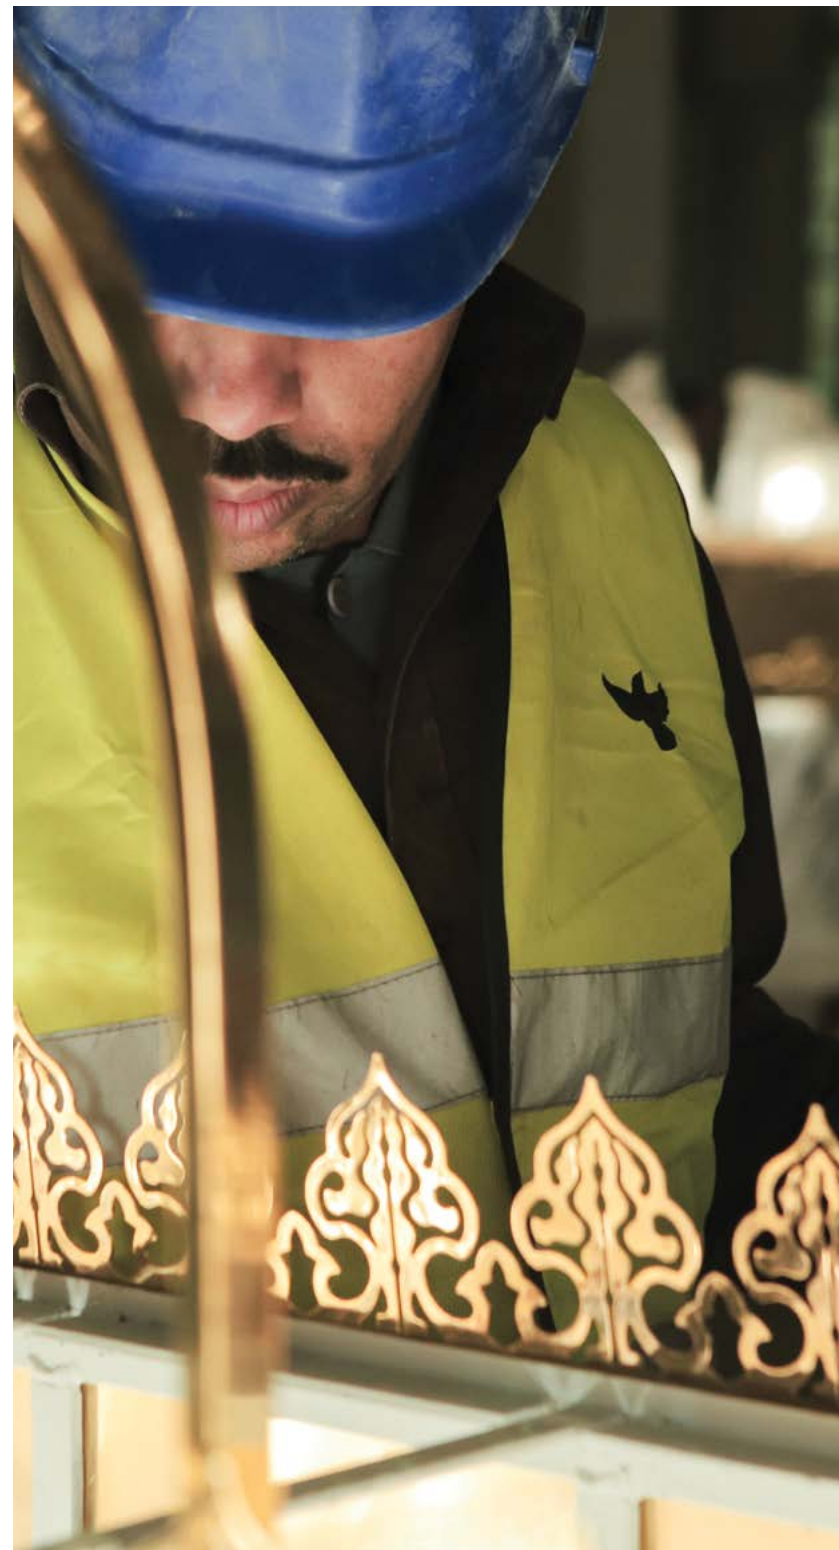

INSTALLATION

We pride ourselves with our professional team who provides easy, hassle-free, and safe installation regardless of the chandelier's size being installed.

Our members are extensively trained to provide a safe and secure installation process to ensure an excellent customer experience.

Hospitality

We have been there for years to shine up many hotels around the world and to bring a touch of elegance and luxury to our partners.

DUSIT THANI HOTEL

CAIRO, EGYPT

Dusit Thani Hotel is one of the most exotic hotels in Cairo, renowned for its use of modern chic designs. Asfour Crystal's designers combined the heritage and authenticity of crystal design with the hotel's modern design to create breathtaking chandeliers with a modern twist, highlighting all the attributes used in Dusit's architecture and reinforcing its modern chic identity. Asfour Crystal installed two chandeliers, both with the length of 1,079 cm, the height of 150 cm, and the width of 608 and 769 cm.

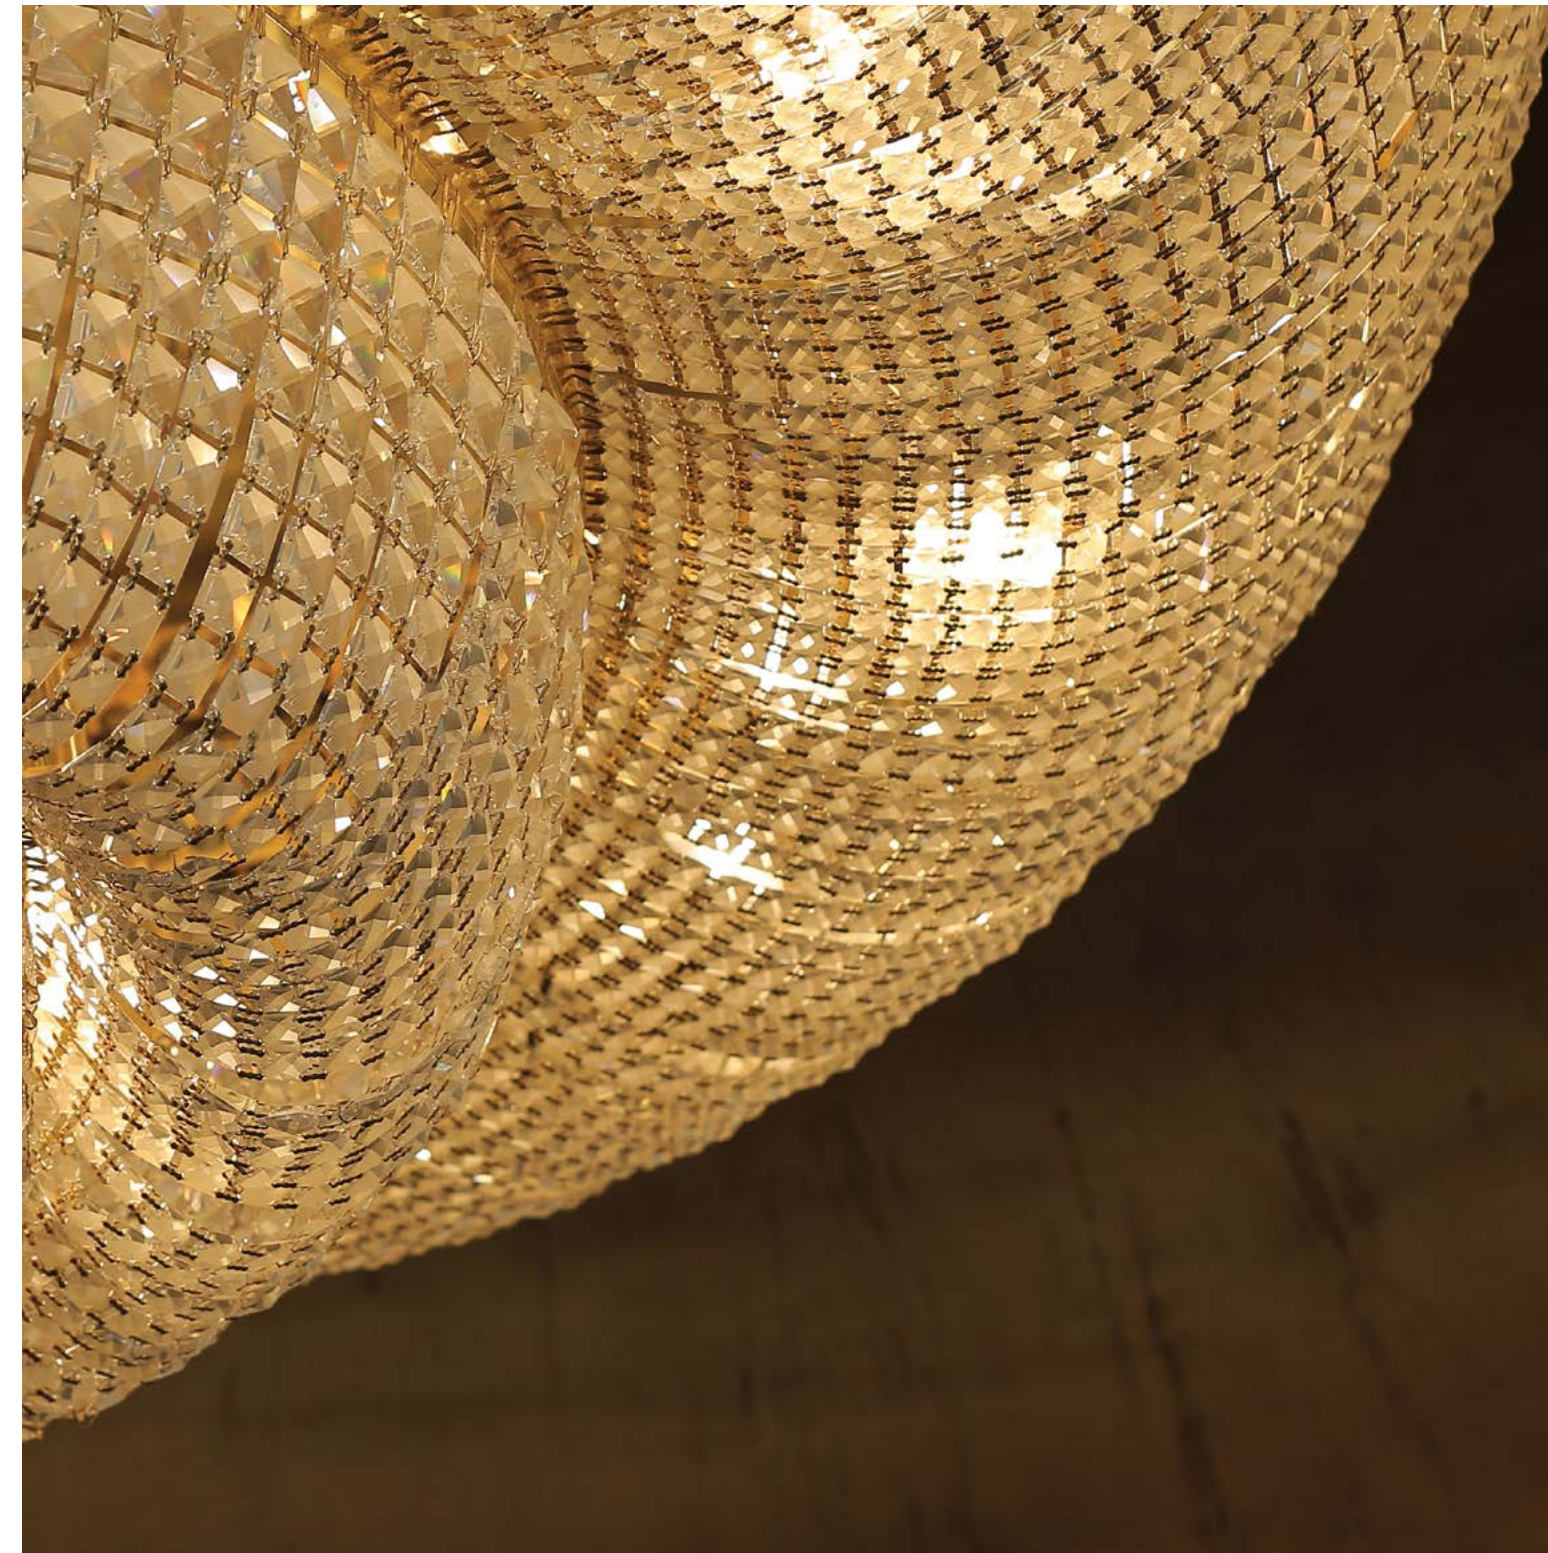

GRAND HYATT HOTEL

CAIRO, EGYPT

Considered one of the brand's grand projects, Asfour Crystal created, assembled, and placed the chandeliers in all halls, suites, receptions, and restaurants of the hotel with a length of 380 and 870 cm, a width of 175 and 474 cm, and a height of 60 and 90 cm. Those chandeliers were true masterpieces whose designs complement the hotel's interior design with all its details, lines, interiors, and suspended ceilings creating enchanting images for the lucky eyes to see.

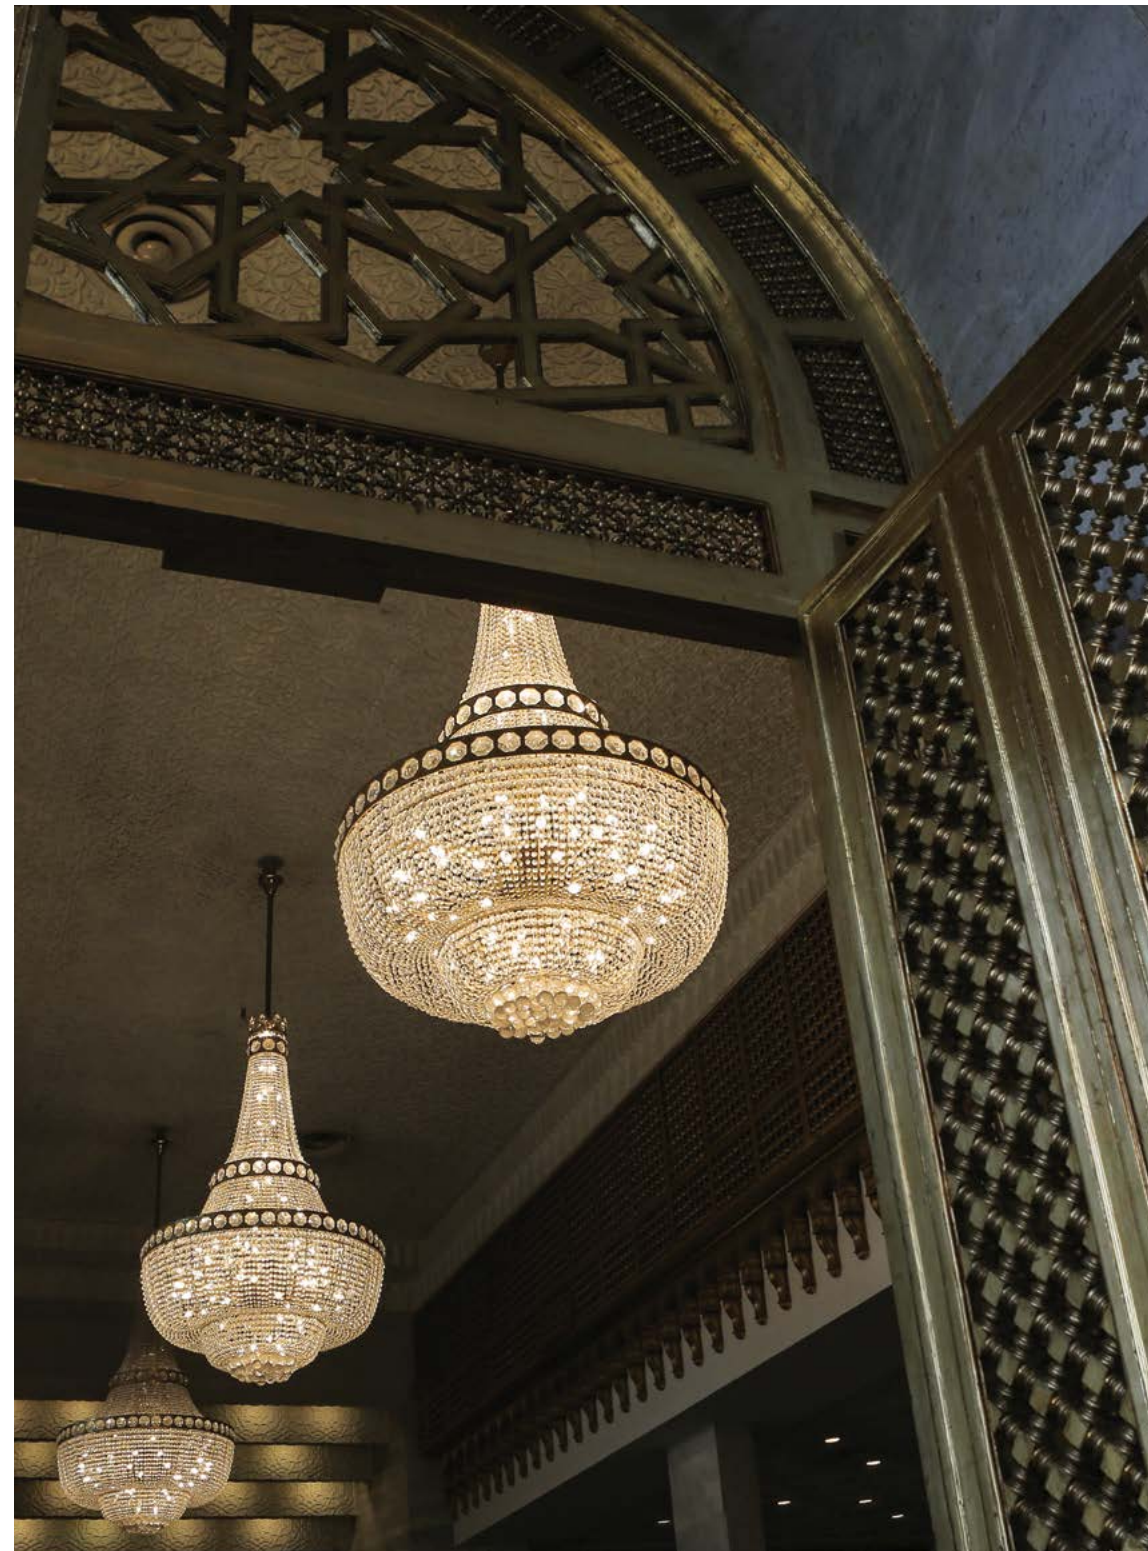

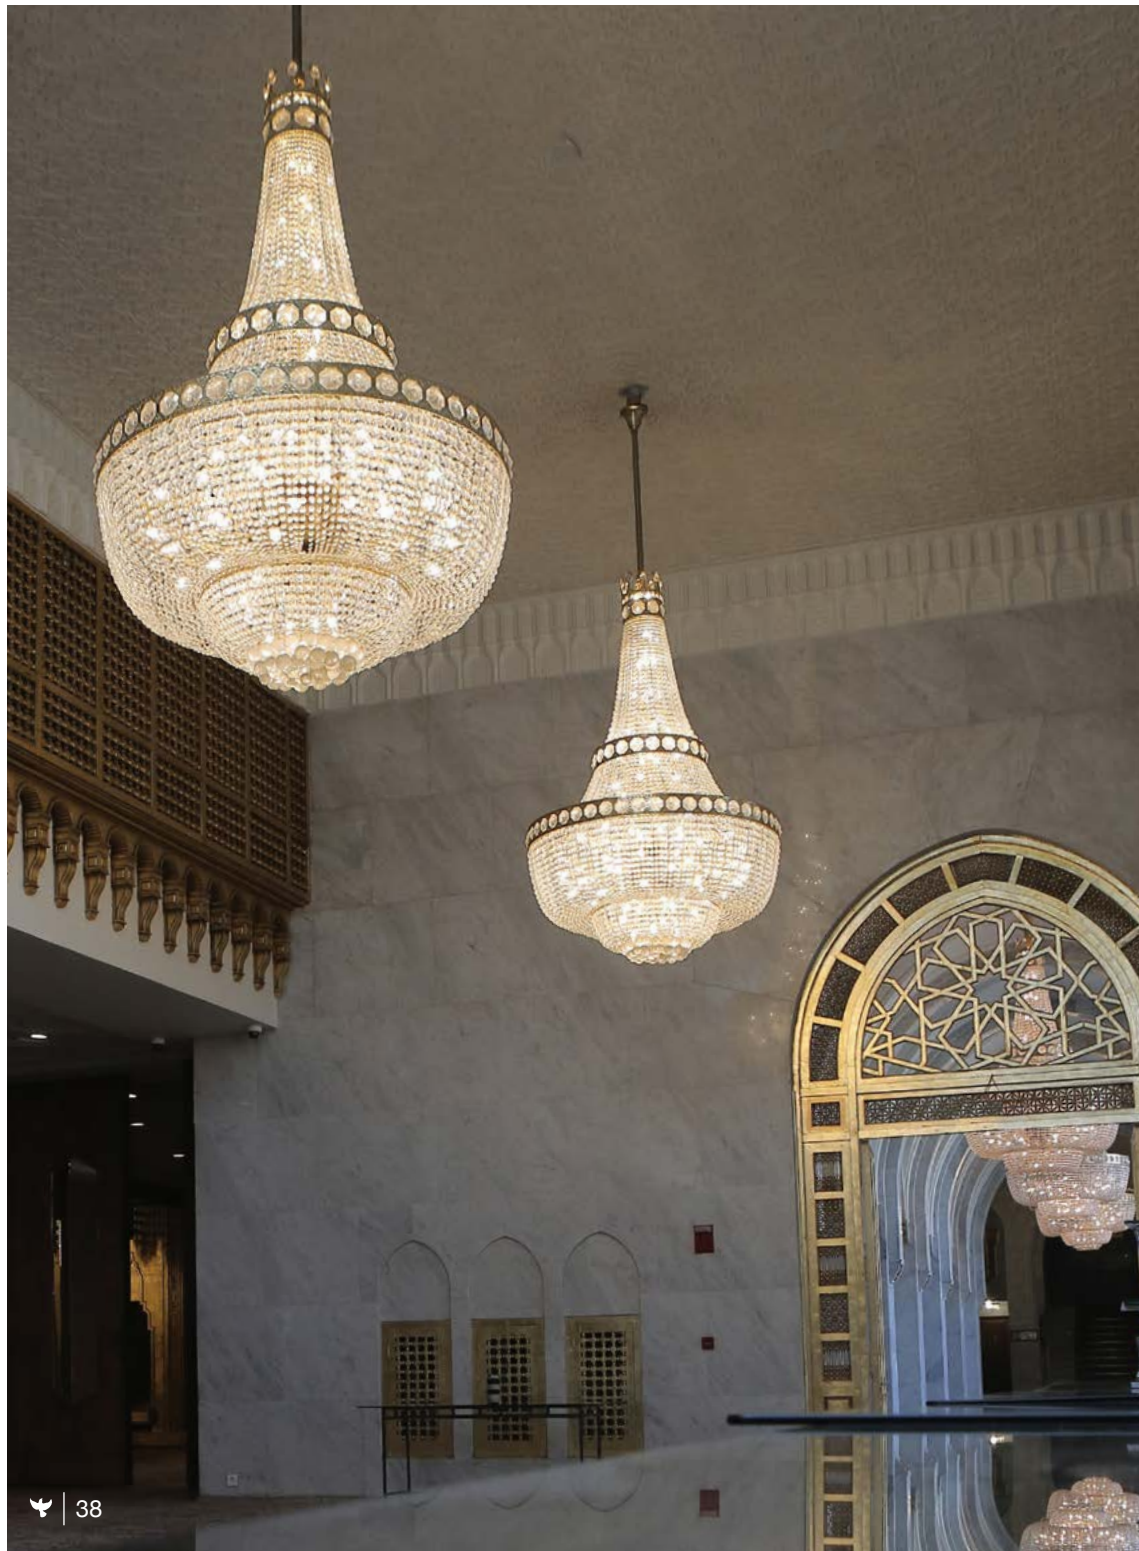

MENA HOUSE HOTEL

GIZA, EGYPT

Mena House Hotel is constructed in 1867 as one of Khedive Ismail's lush palaces. In an attempt by the management to connect the past to the present, the Khalifa Hall has been renovated in 1988 with several Asfour Crystal chandeliers. The chandeliers enriched the graceful and captivating hall, succeeded in capturing the essence of the Mena House's past glory, and added more glamour to the mesmerizing history of the hotel.

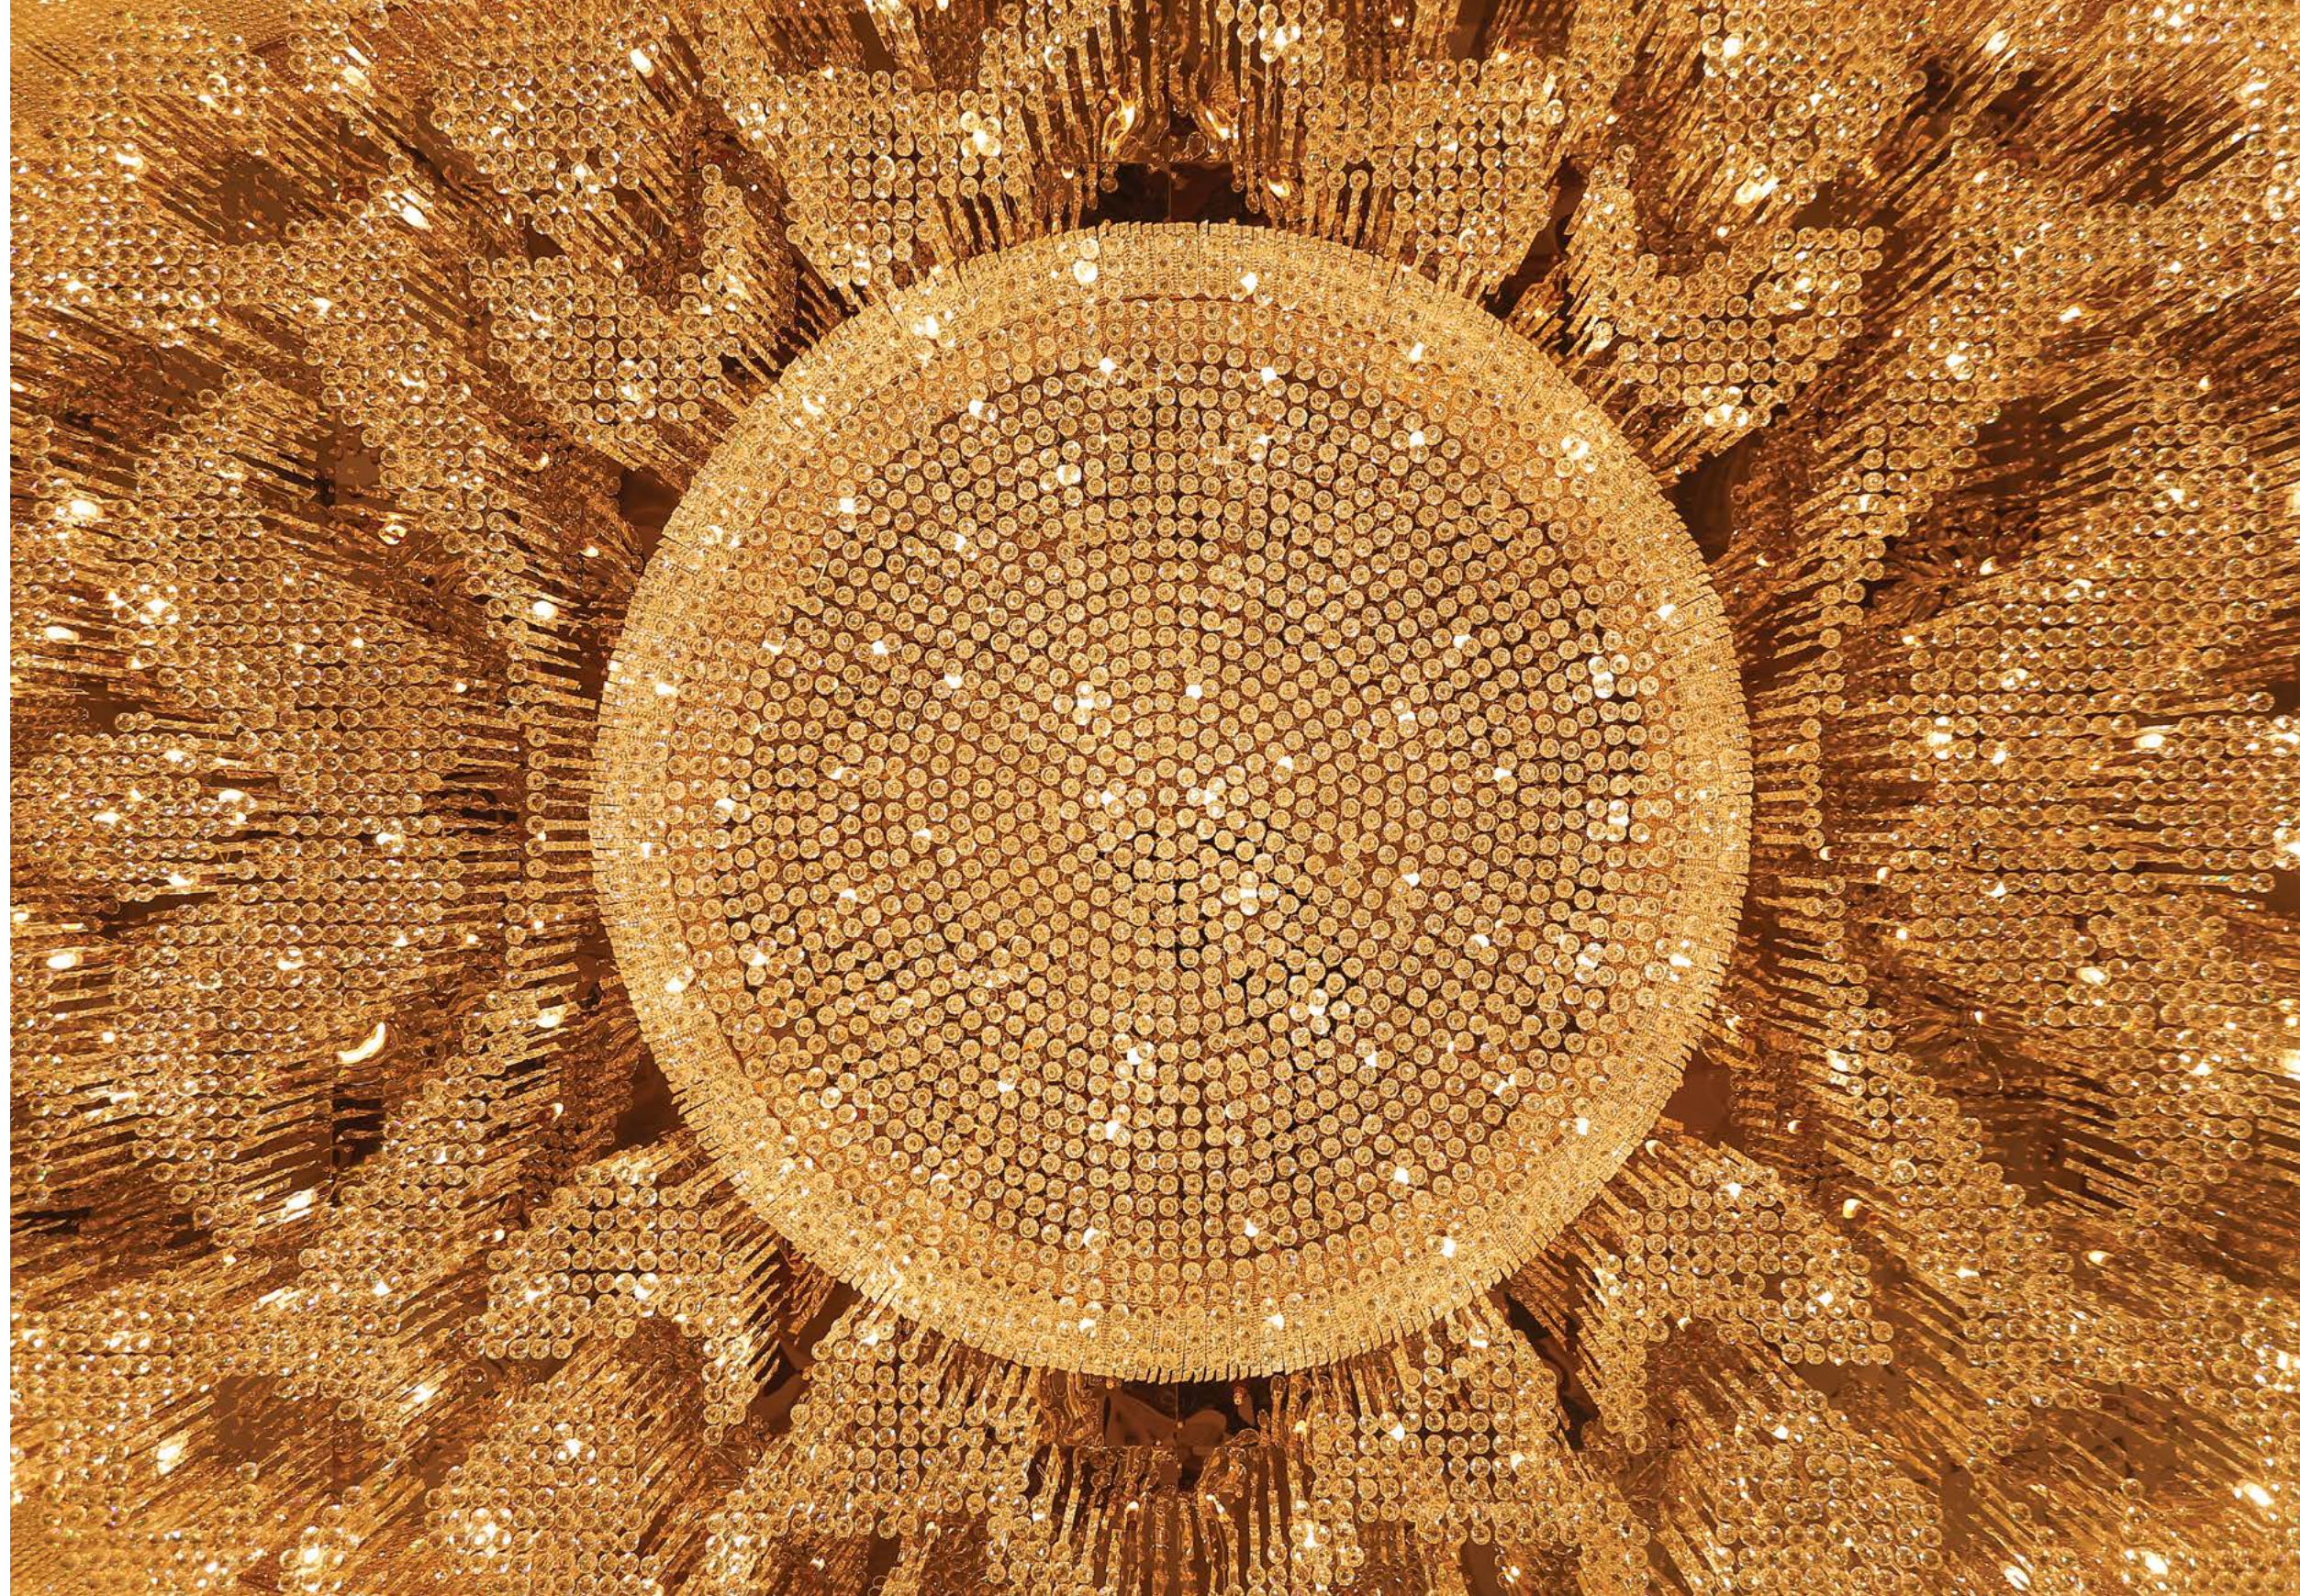

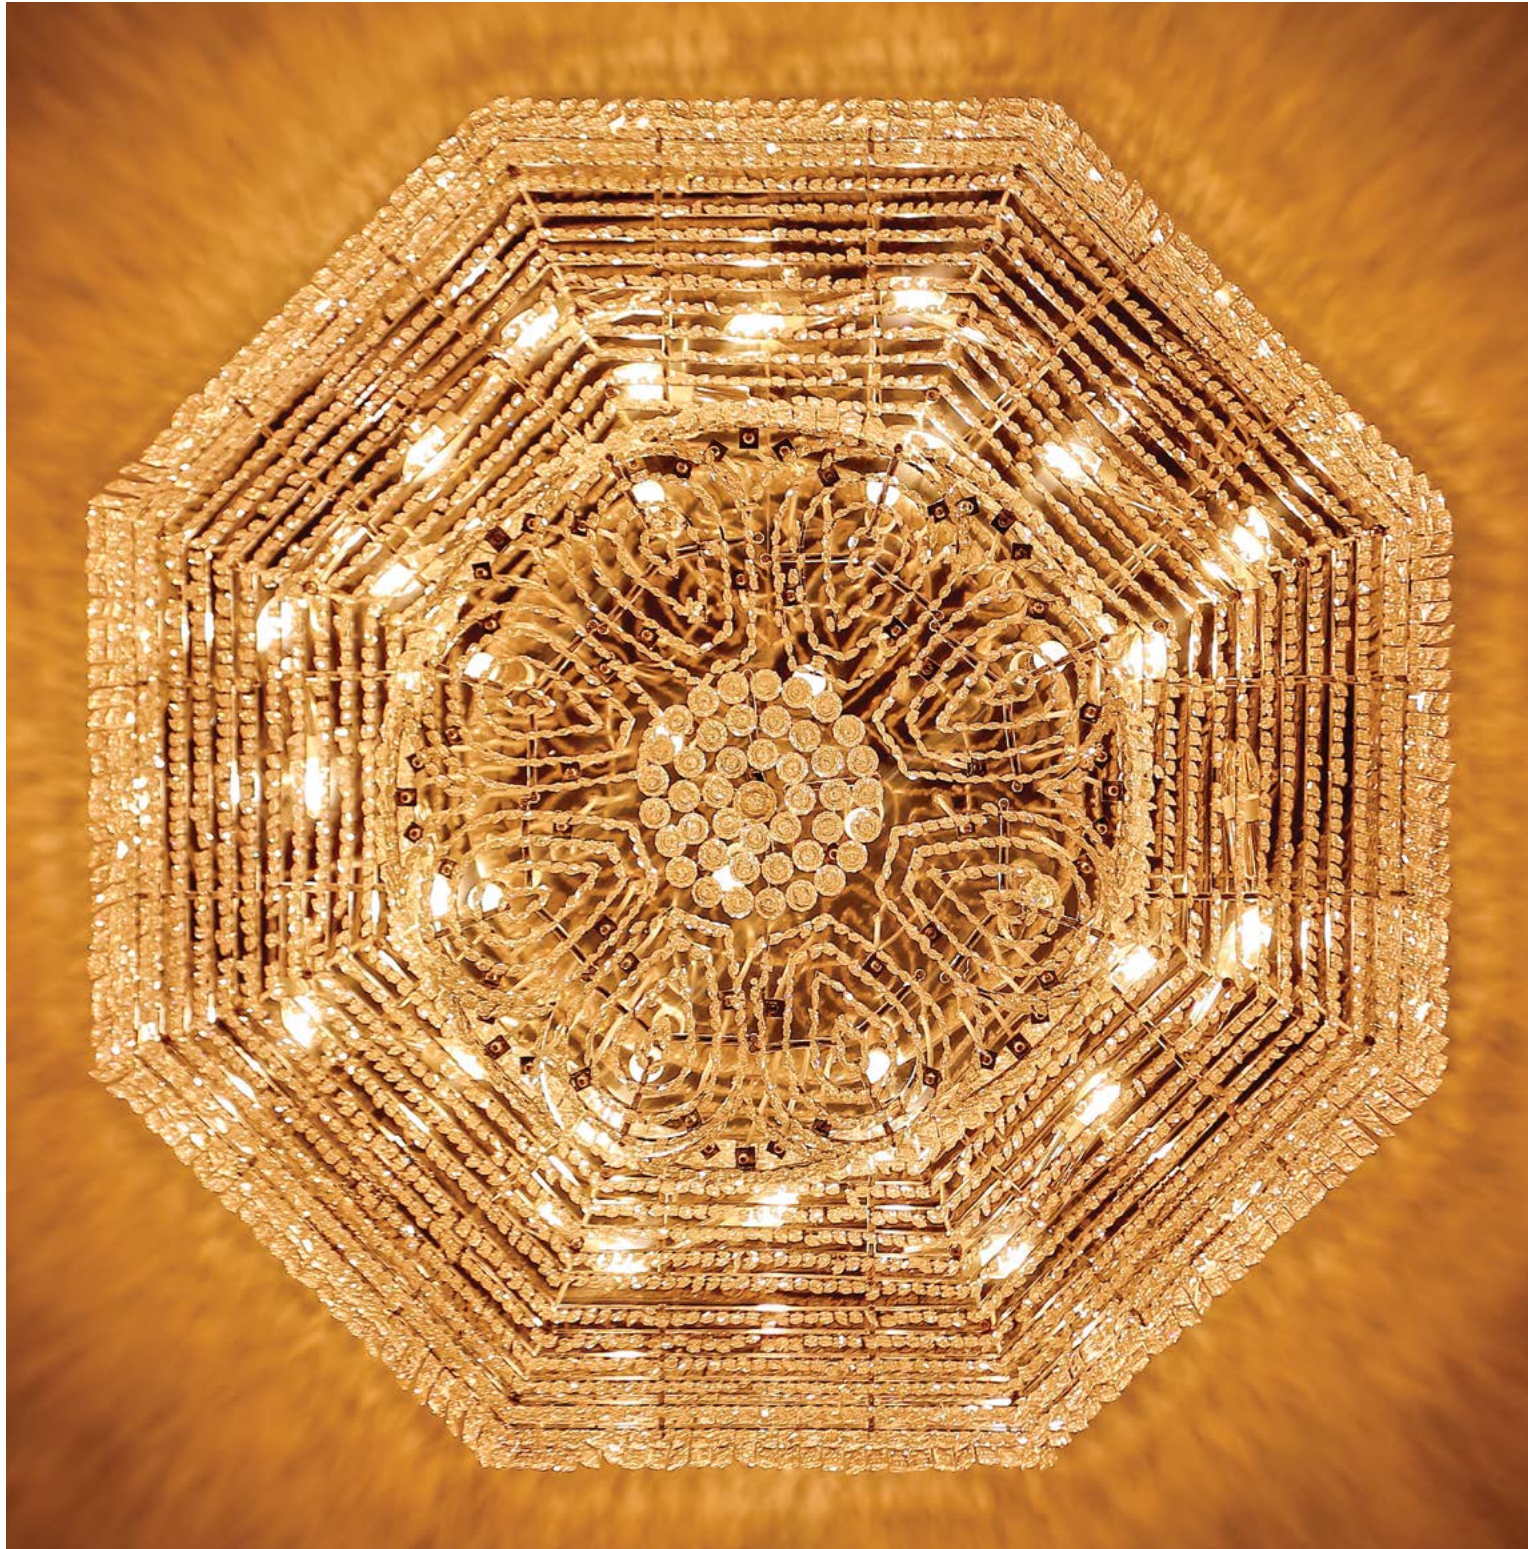

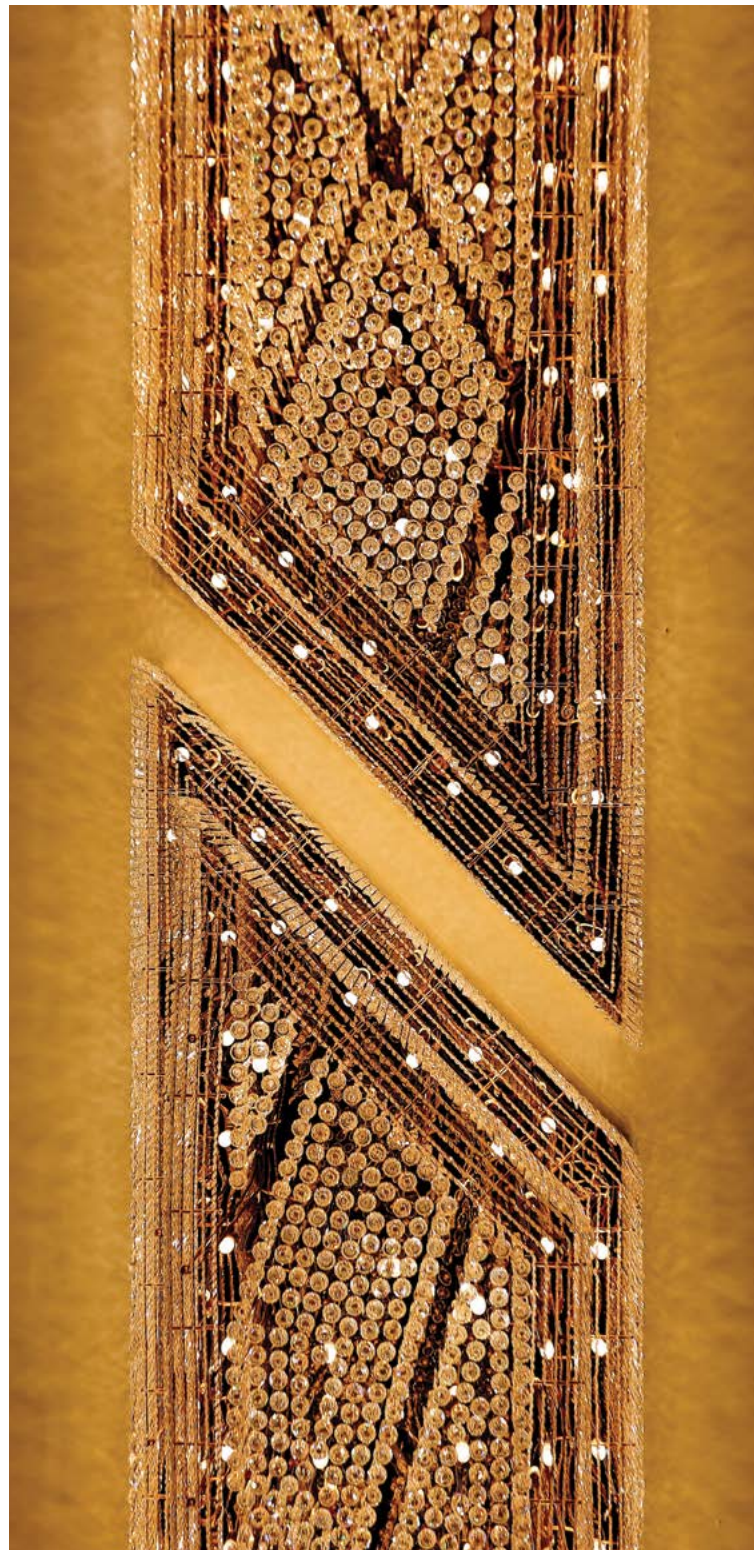

TRIUMPH HOTEL

CAIRO, EGYPT

Triumph Hotel is a modern upscale five-star hotel with a historic theme, established in New Cairo. With seemingly smooth lines in all the designs of its modern chandeliers supplied by the brand, Asfour Crystal used unique crystal pieces and sizes to create the biggest chandeliers, one of which mounts up to 9 meters and 6 meters in one wedding hall. Some of the chandeliers used have a length of 1,460 cm, a width of 120 cm, and a height of 90 cm and contain half a million crystals, creating astounding light rays that resemble a modern-day canvas.

SHERATON HOTEL

KUWAIT CITY, KUWAIT

Sheraton Hotel is considered one of the most famous hotels in the city. Asfour Crystal built its chandeliers in 1996. The rich gold paint is still shining in the ceilings of the hotel, showing the real craftsmanship in every detail of Asfour Crystal's chandeliers.

AL-SHAFAQ CLUB

MUSCAT, SULTANATE OF OMAN

Al-Shafaq Club is one of the largest social clubs in the Sultanate of Oman, where several chandeliers have been installed in various halls by Asfour Crystal. Our most exquisite chandeliers are installed in the club's main entrance, lobby, main restaurant, and event hall rooms. The chandeliers have diameters of 300 and 350 cm and heights of 150 and 500 cm, all of which are made with the purest of crystals that reflect high luster and shine captivating the sight of all guests who lay eyes on those marvels.

Religious buildings

*We humbly participated in illuminating numerous places of
worship around the world with our special crystal parts.*

THE ISLAMIC CULTURAL CENTER

BERLIN, GERMANY

The Islamic Cultural Center was established in 1928 in the Wilmer District of Südorf, where Asfour Crystal installed chandeliers in the late 1980s. Created to suit and complement the ancient decorations of this mosque, Asfour Crystal's chandeliers have been witnessing history and shedding light in the heart of Europe since then.

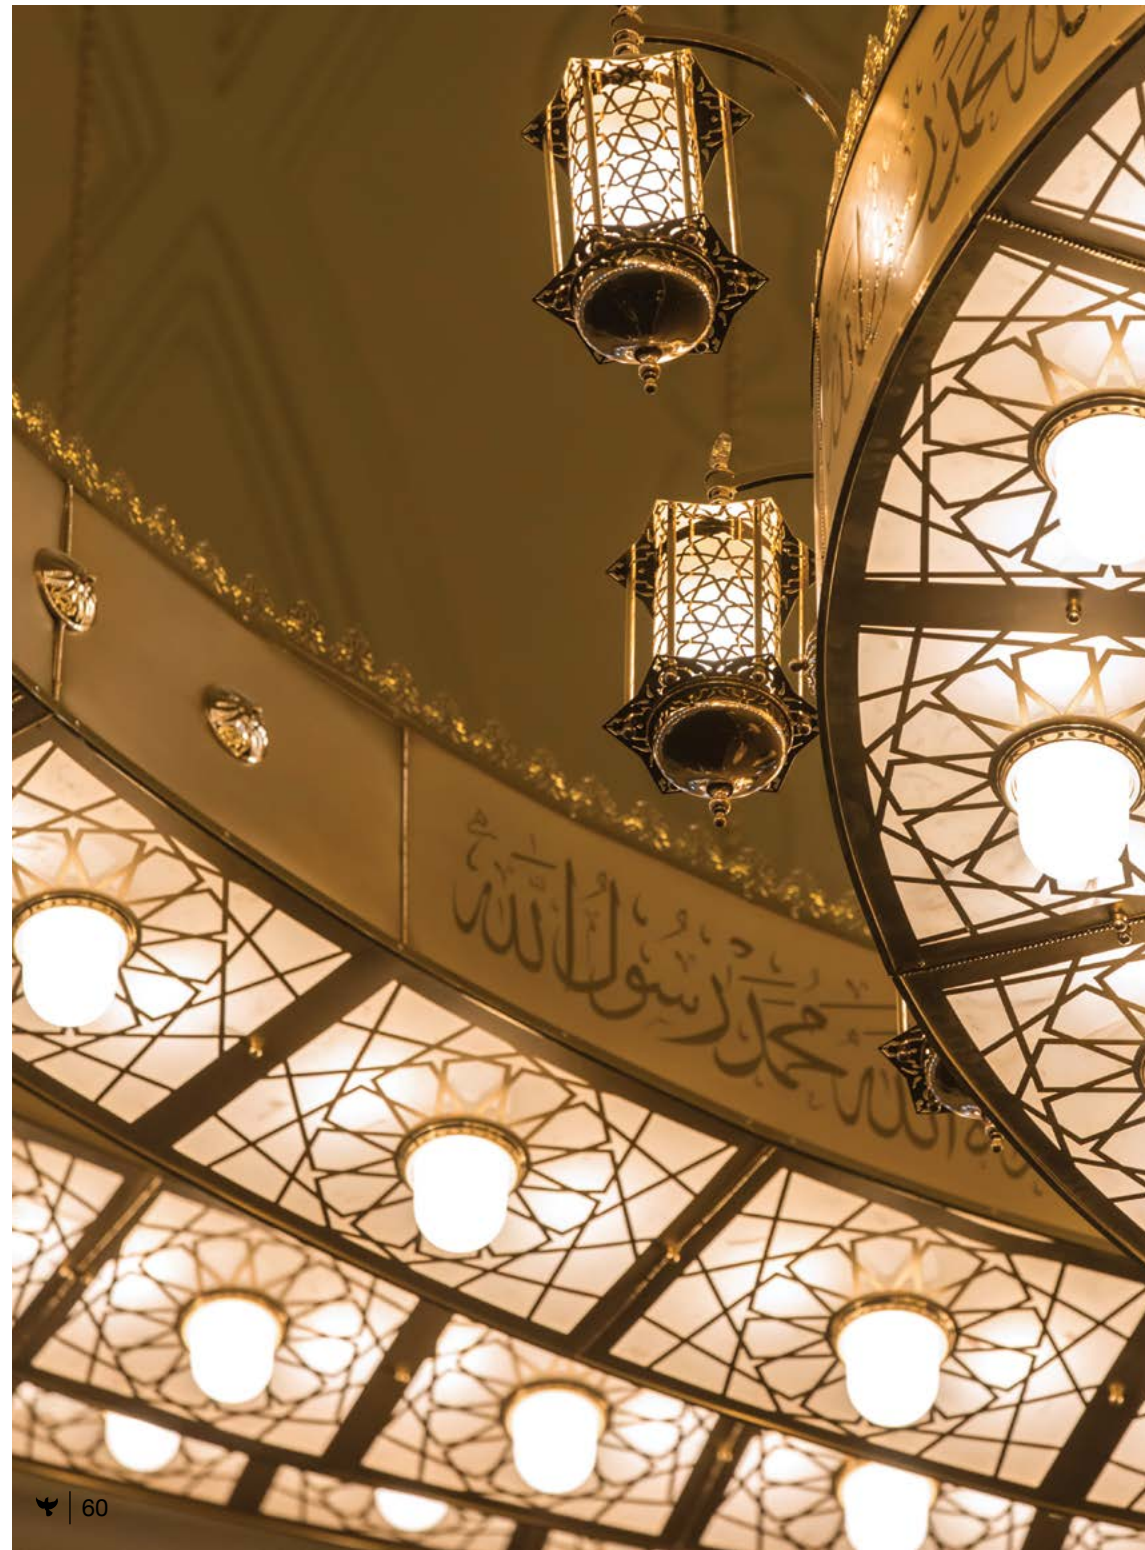

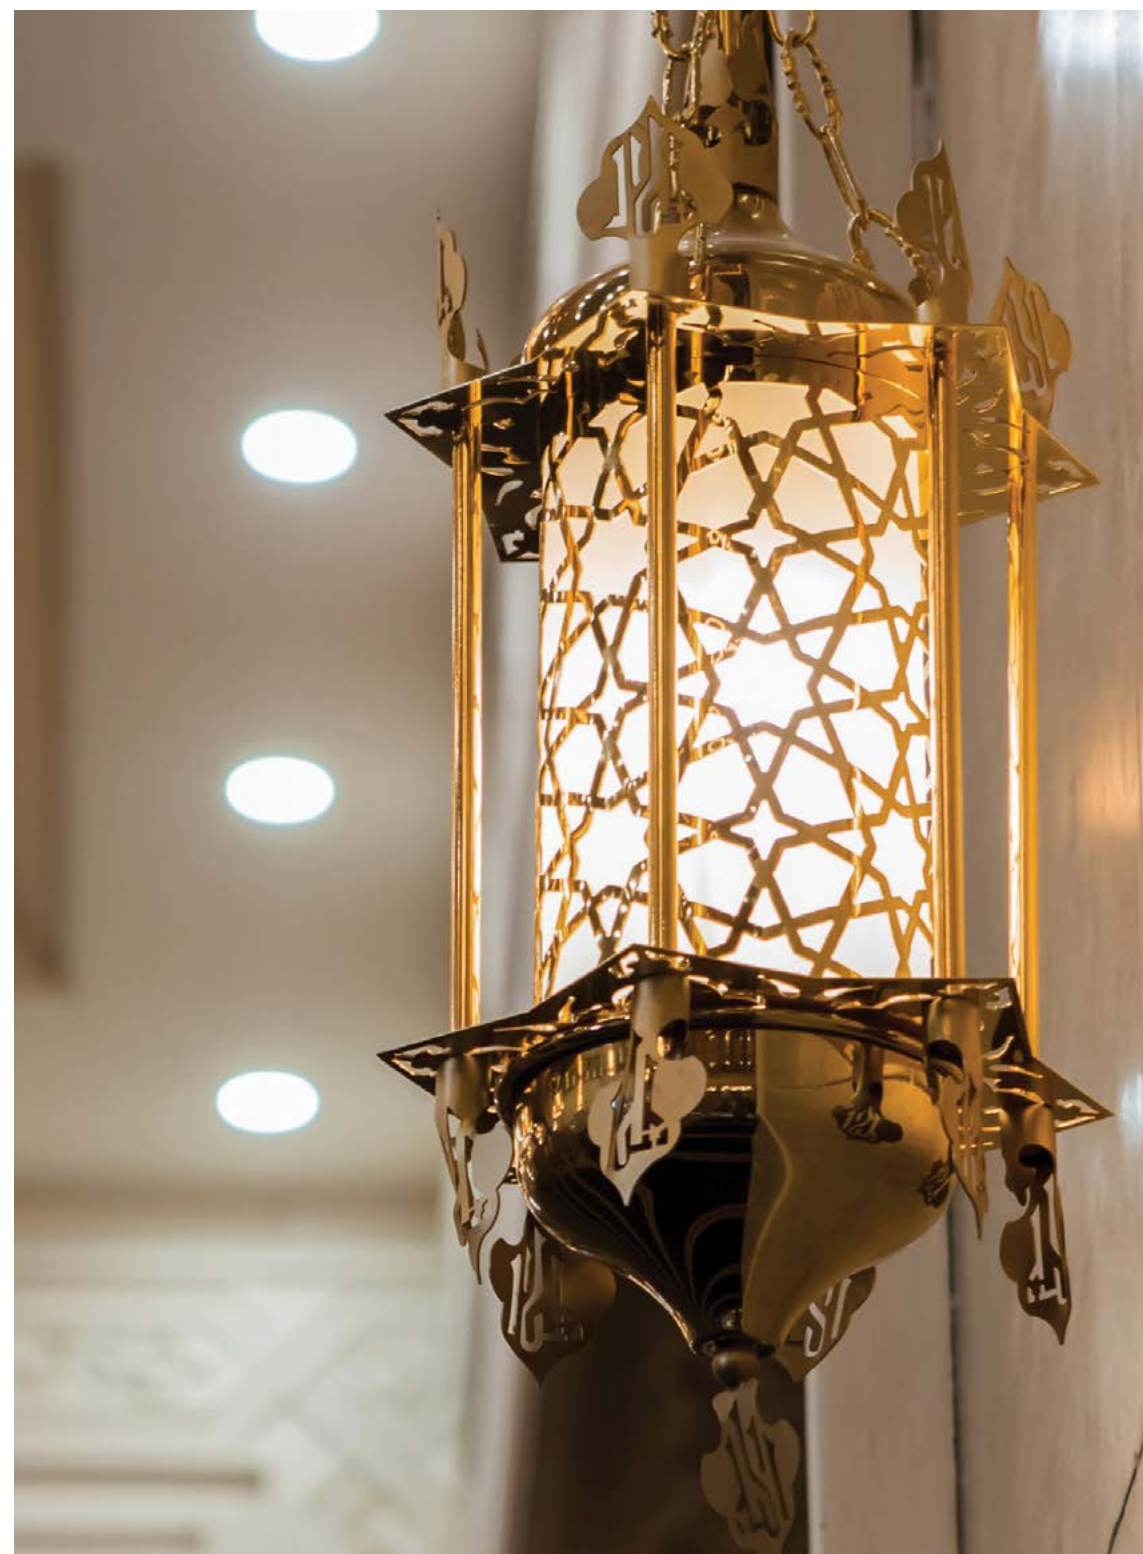

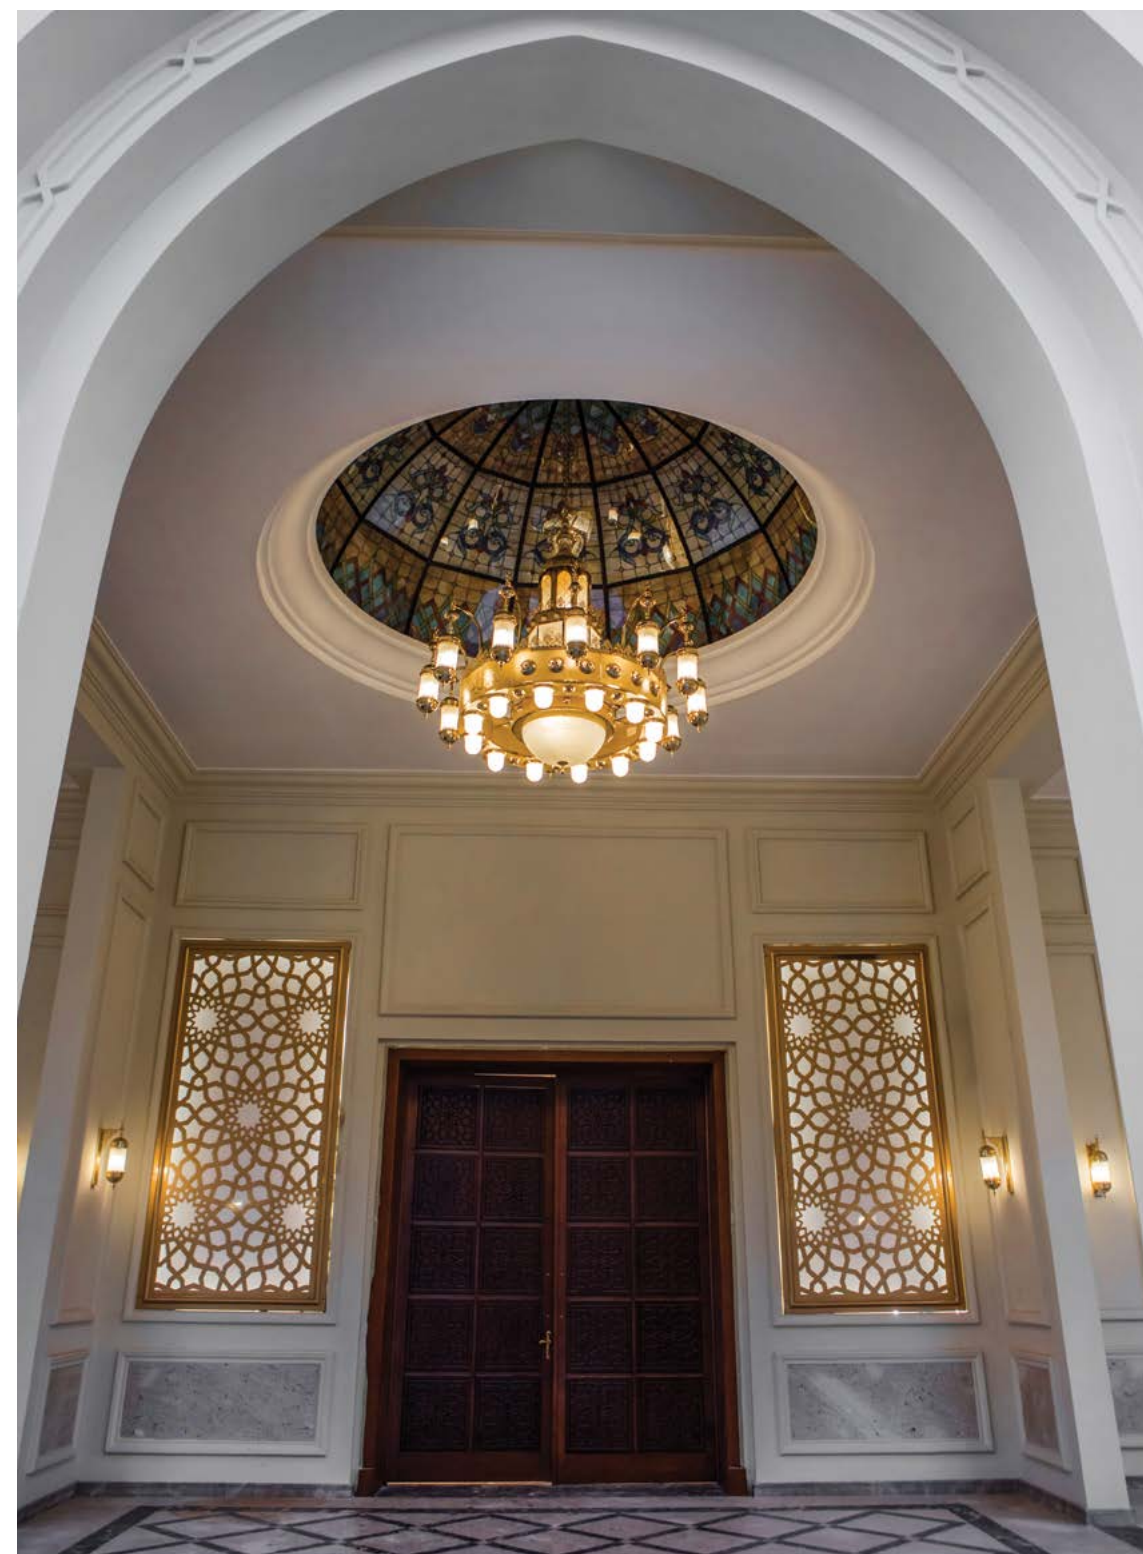

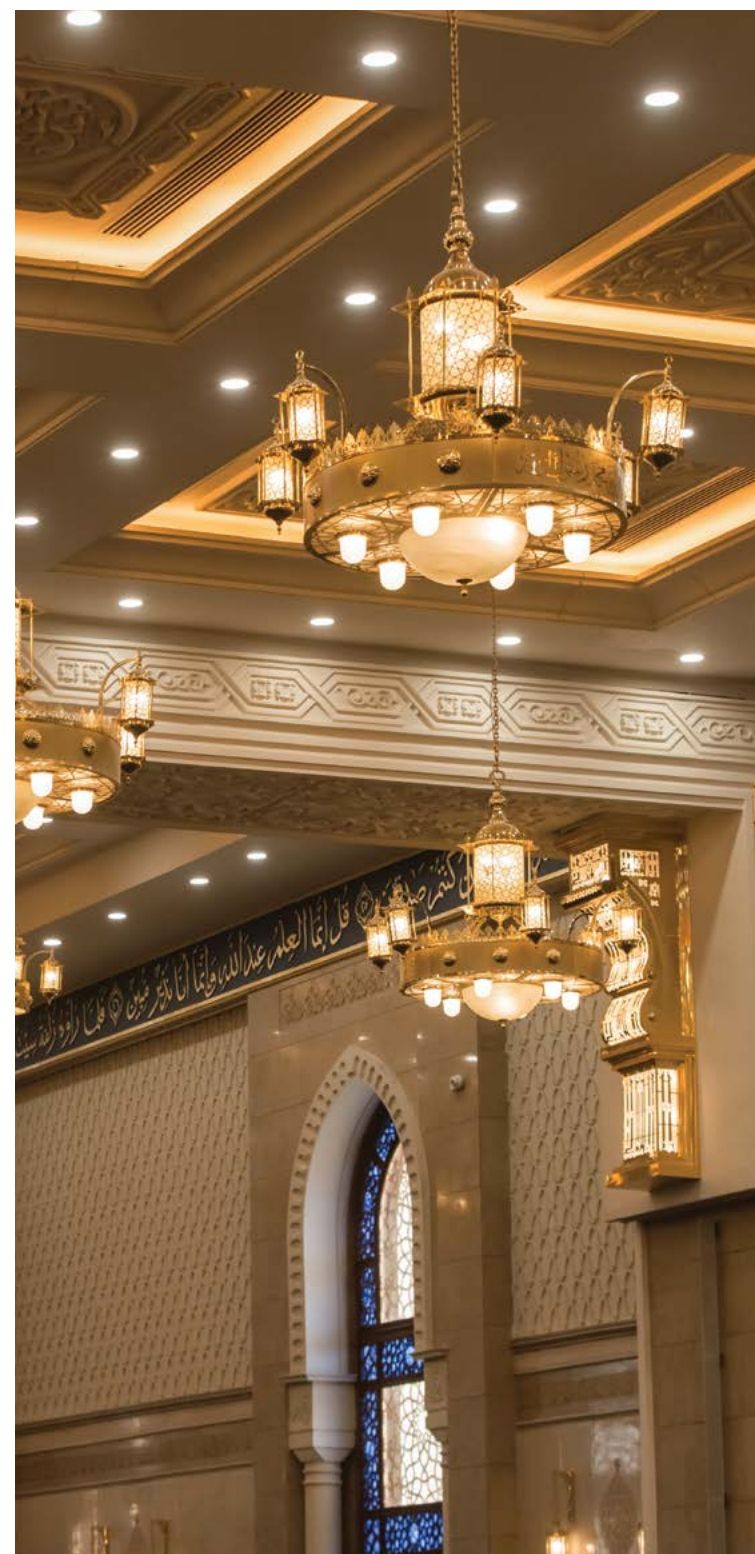

AL-FATTAH AL-ALIM MOSQUE

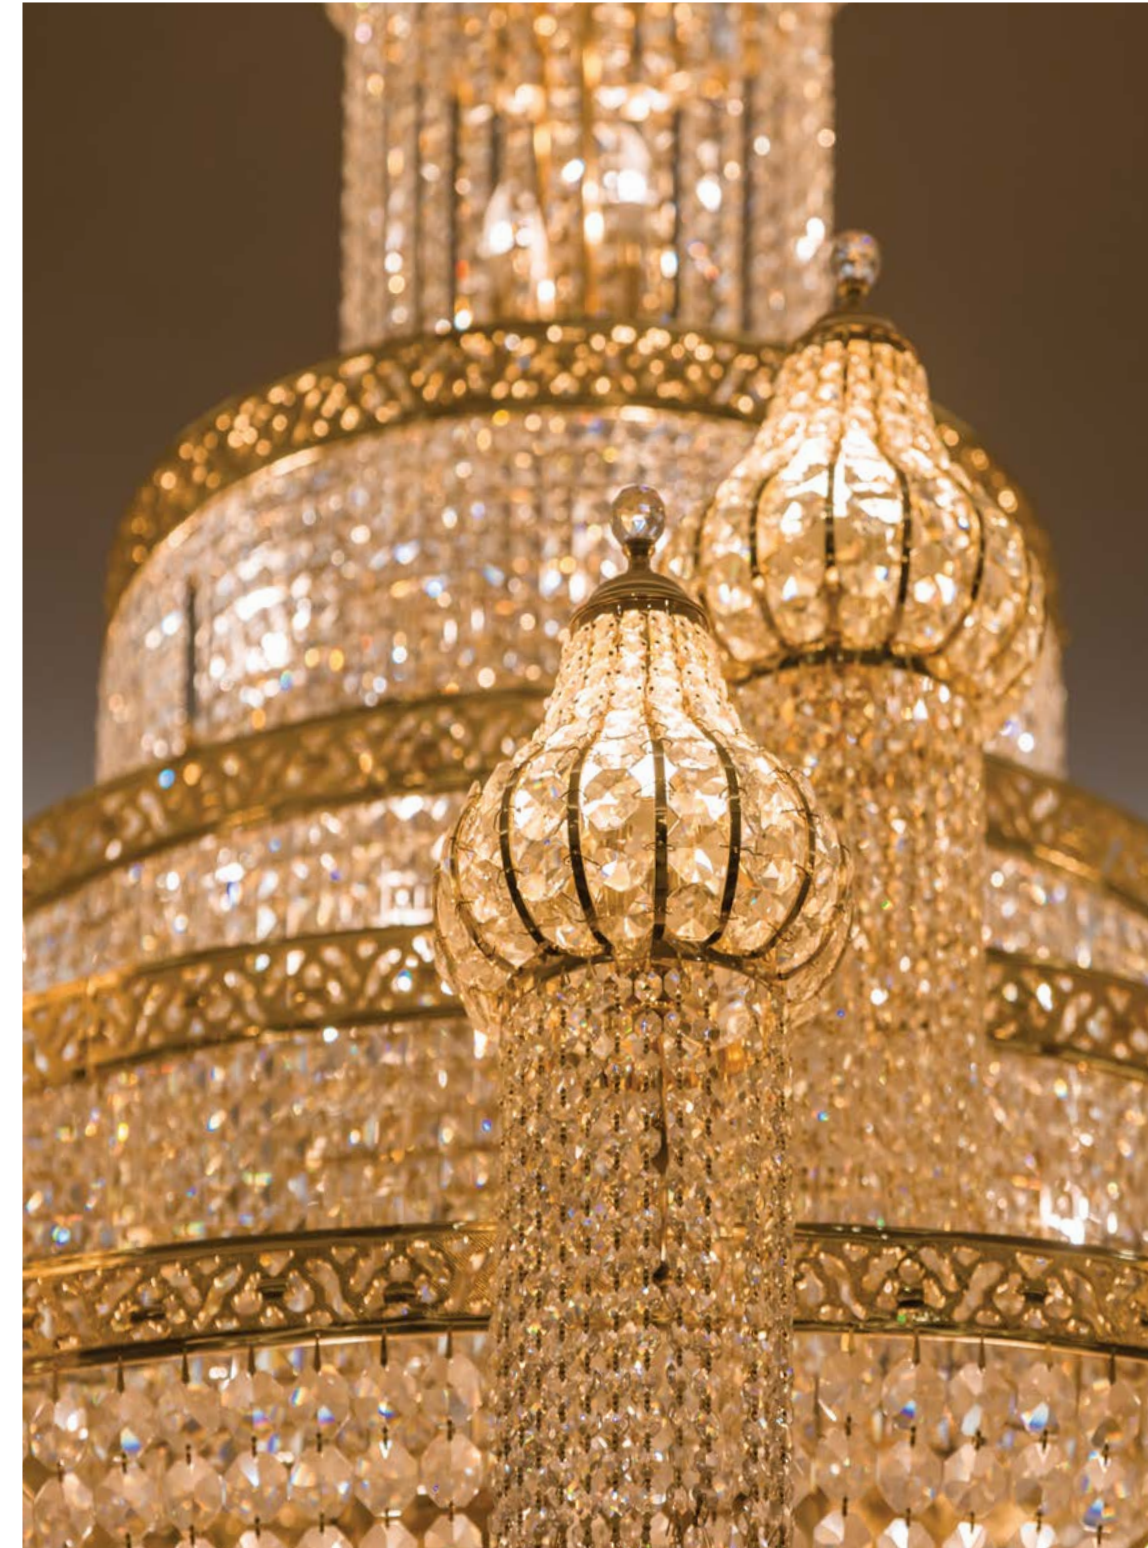

CAIRO, EGYPT

Al-Fattah Al-Alim Mosque is considered to be one of the largest mosques in the Middle East and Africa. Asfour Crystal built its main chandelier with an astounding diameter of 15 meters and a weight of 9,000 kilograms. Two other main chandeliers were installed with diameters of 450 and 650 cm and both with a height of 285 cm. Asfour Crystal used the latest copper cutting technology to create Islamic decorations on the lower part of the chandelier. The main chandelier is surrounded by several chandeliers of different sizes ranging from four and a half meters to six and a half meters. Asfour Crystal's team used the latest cutting-edge technology to create a masterpiece of Islamic art, enshrined in the brand's legacy.

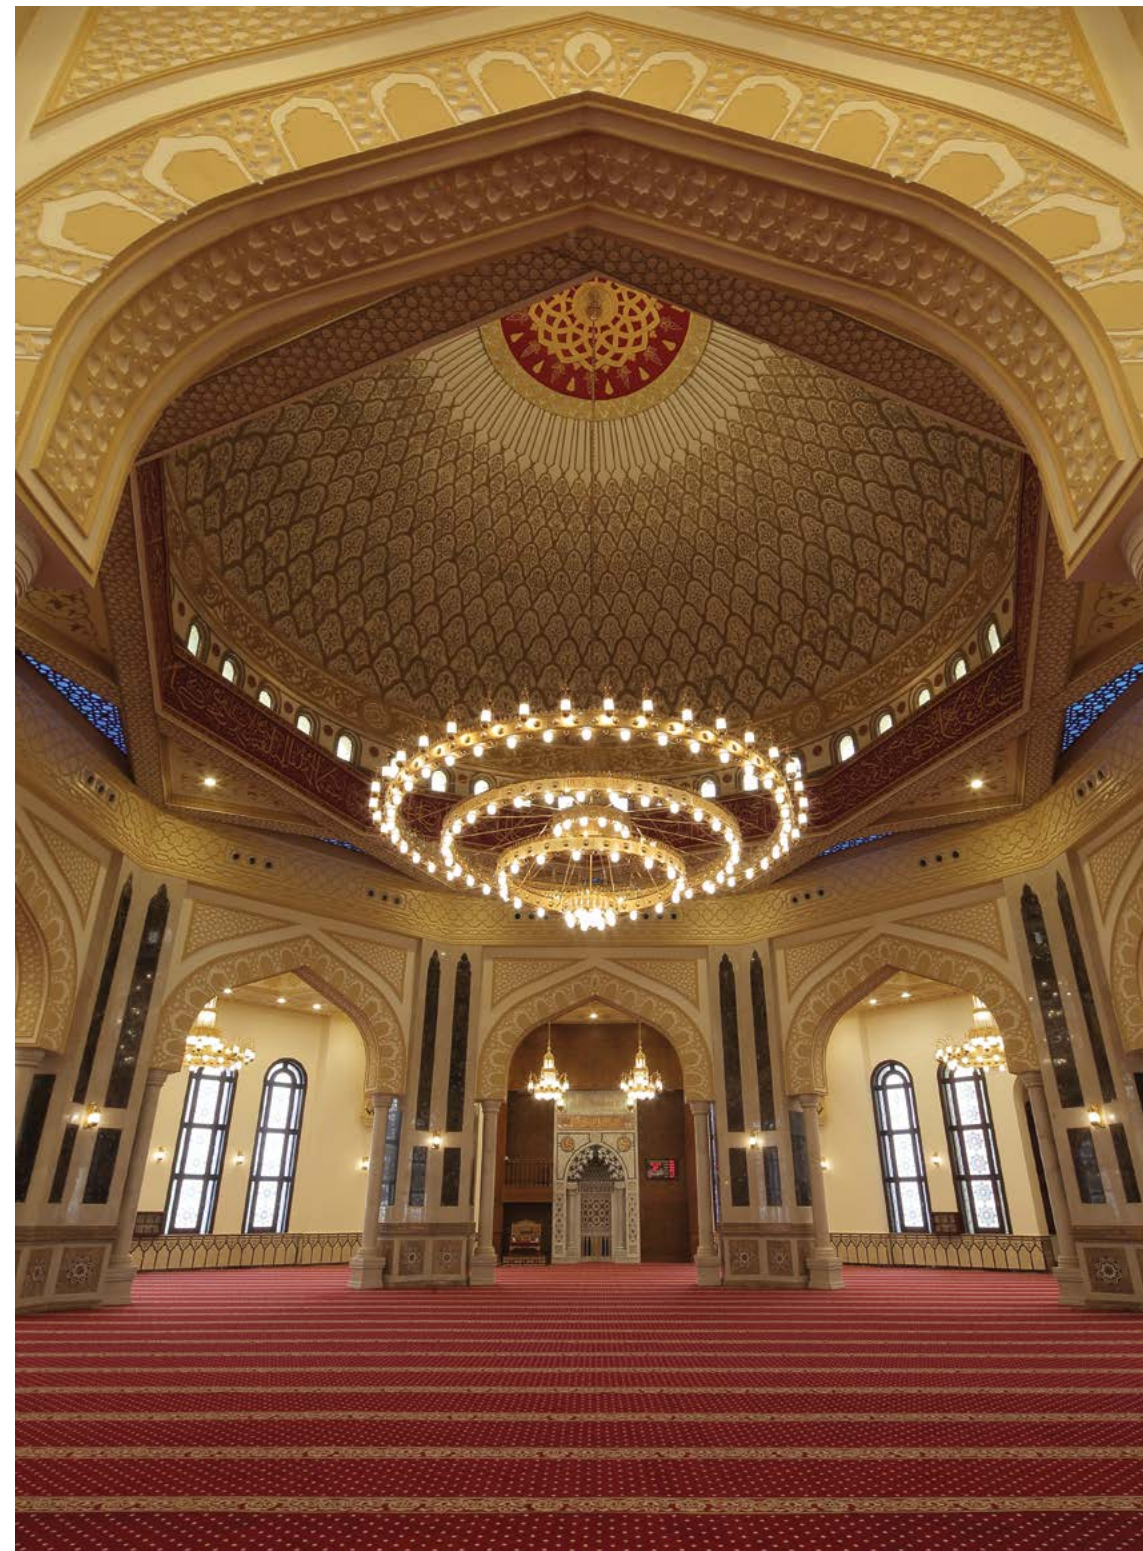

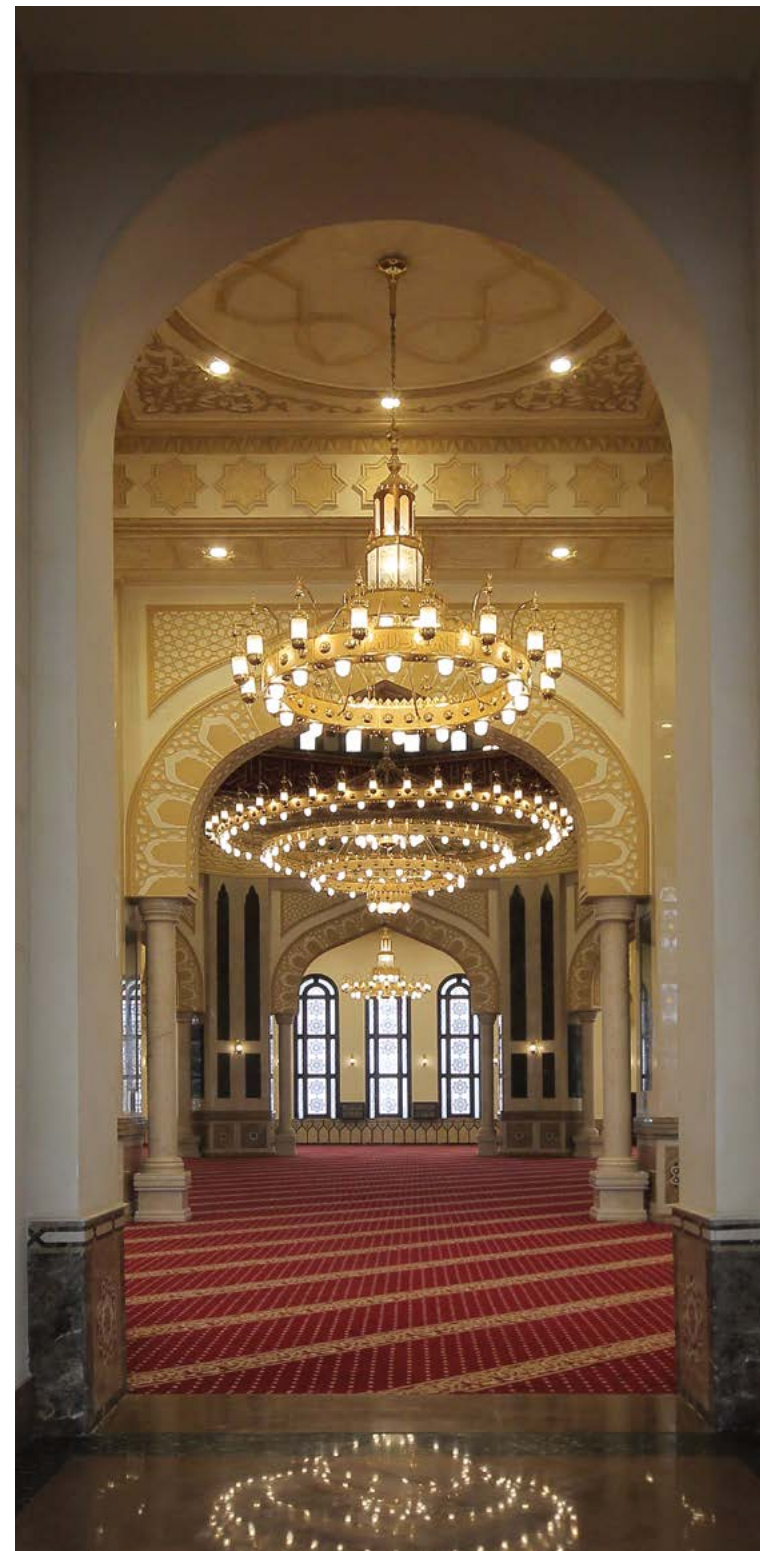

EL-MUSHEER TANTAWI MOSQUE

CAIRO, EGYPT

El-Musheer Tantawi Mosque is one of the most famous mosques that have been built in Egypt. Asfour Crystal embellished its VIP halls using the best types of crystals in the chandeliers installed in the main dome of the mosque. One chandelier measures 800 cm in diameter and 500 cm in height, whereas the others range from 1 meter to 8 meters in diameter.

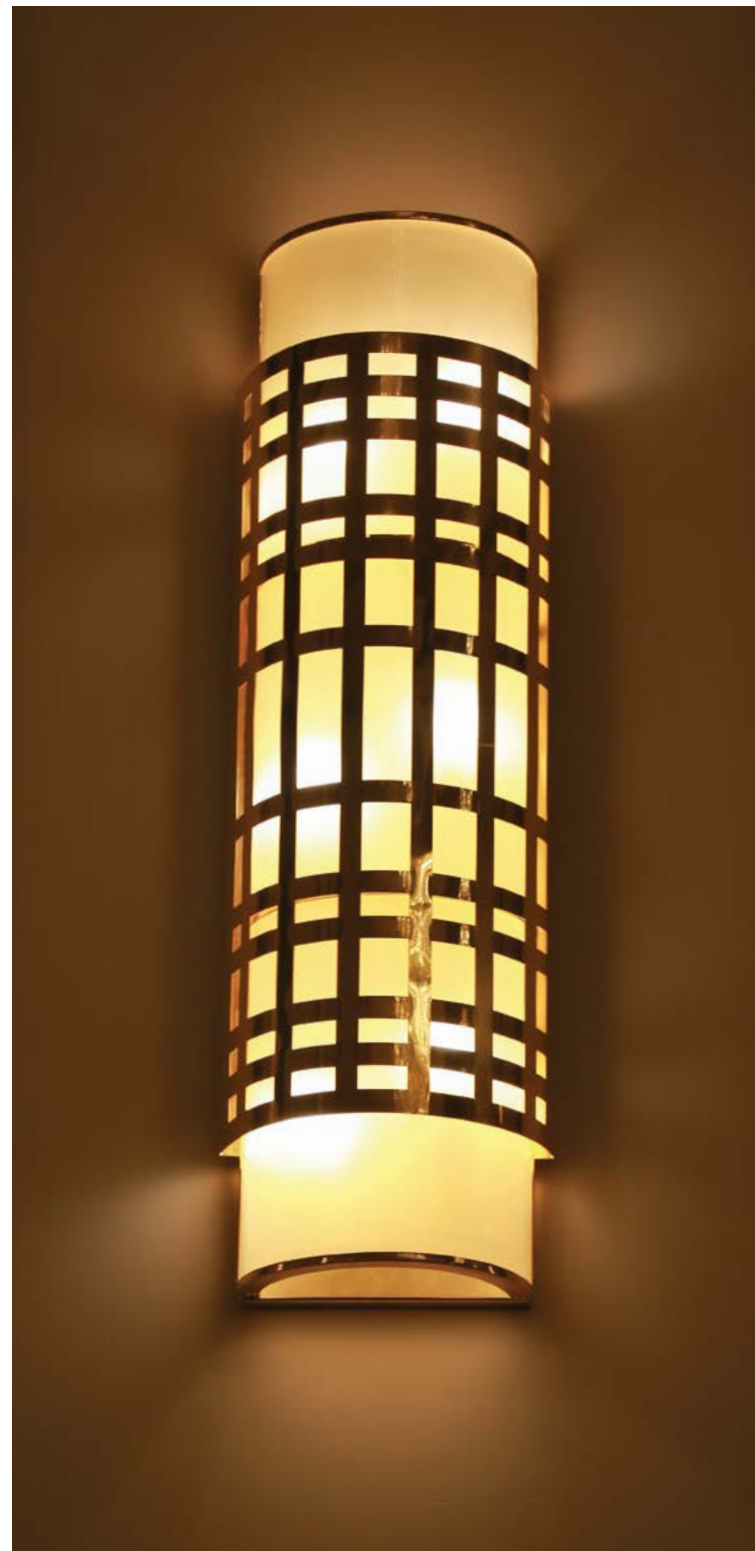

IMAM IBN AL-JAZARI MOSQUE

SHARJAH, UAE

Located in Sharjah in the UAE, this architectural gem was built using the distinct Andalusian style that peaks through its distinctive carved arches and domes. It is known for its square-shaped minaret and its surrounding decorations along with the fountain at the main entrance which is an identifying feature of Andalusian mosques. All are intertwined with Asfour Crystal's chandeliers to amplify the features embedded in the design of the mosque.

BILAL BIN RABAH MOSQUE

KUWAIT CITY, KUWAIT

Bilal bin Rabah Mosque is considered one of the largest and most significant mosques in the region. Asfour Crystal installed several multisized dazzling chandeliers including 24-karat gold plated and bronze plated pieces, ranging among 3 meters, 4 meters, and 5 meters wide, to create a truly time-less piece of art.

AL-HASSAN MOSQUE

KUWAIT CITY, KUWAIT

Considered one of the most central mosques built in Kuwait City under the Awkaf Ministry, this mosque holds a special stance in the eyes and hearts of the people of Kuwait. Asfour Crystal tailored each aspect of the chandeliers installed in the mosque with a 24-karat gold chassis assorted with glass pieces of Islamic inscriptions. The design gives the chandelier a prominent Islamic character suited to the lines and dimensions used to build the mosque and creates the allure of the mosaic masterpiece placed in the heart of Kuwait City.

KHADIJA MOSQUE

BEIRUT, LEBANON

Khadija Mosque is the only mosque in Beirut filled with chandeliers that have high-density crystal pieces with a lead ratio of 30%. These chandeliers are specially designed for the mosque to give it a distinctive appearance. The chandelier is over a meter in width and about 2 meters in height and weighs a sizable 75 kilograms. With such beauty and precision, this piece of art adds to a long legacy of sheer beauty created by Asfour Crystal.

SAINT RITA CHURCH

BEIRUT, LEBANON

For the first time, the glass panels were entwined with crystal pieces in one design to underline the color contrast using amber-colored panels. A 24-karat gold coating adds to the beauty of the chassis. The chandelier was over 2 meters in height and slightly less than 2 meters in width, weighing a sizable 250 kilograms. This chandelier is a true architectural marvel made by Asfour Crystal.

KHALID BIN HILAL MOSQUE

MUSCAT, SULTANATE OF OMAN

This is one of the mosques that have a special location and distinctive architecture in the city of Muscat. Asfour Crystal designed and installed the main chandelier in the mosque's central dome, with a diameter of 2 meters and a height of 1.7 meters. Asfour Crystal's preeminence of design extends to the mosque's corridors with 8 breathtaking crystal chandeliers.

Residential

*Uniqueness is the secret element that always comes with
Asfour Crystal to your place.*

AL-MAJLIS

DAMMAM, KSA

The villa and private majlis of the largest families in the Kingdom of Saudi Arabia sourced from Asfour Crystal various sizes of chandeliers starting from a meter and a half. The chandeliers are installed in their establishments for their designs' glamour, authenticity, and everlasting beauty.

THE SPECIAL PALACE

DUBAI, UAE

Considered one of the largest palaces in Dubai, the Special Palace is a magnificent structure built in the most prestigious area in the city. Asfour Crystal has carried out all the lighting works of its chandeliers from special designs to custom building.

Governmental buildings

Asfour Crystal is always the trusted partner when it comes to showing the legacy of governmental buildings.

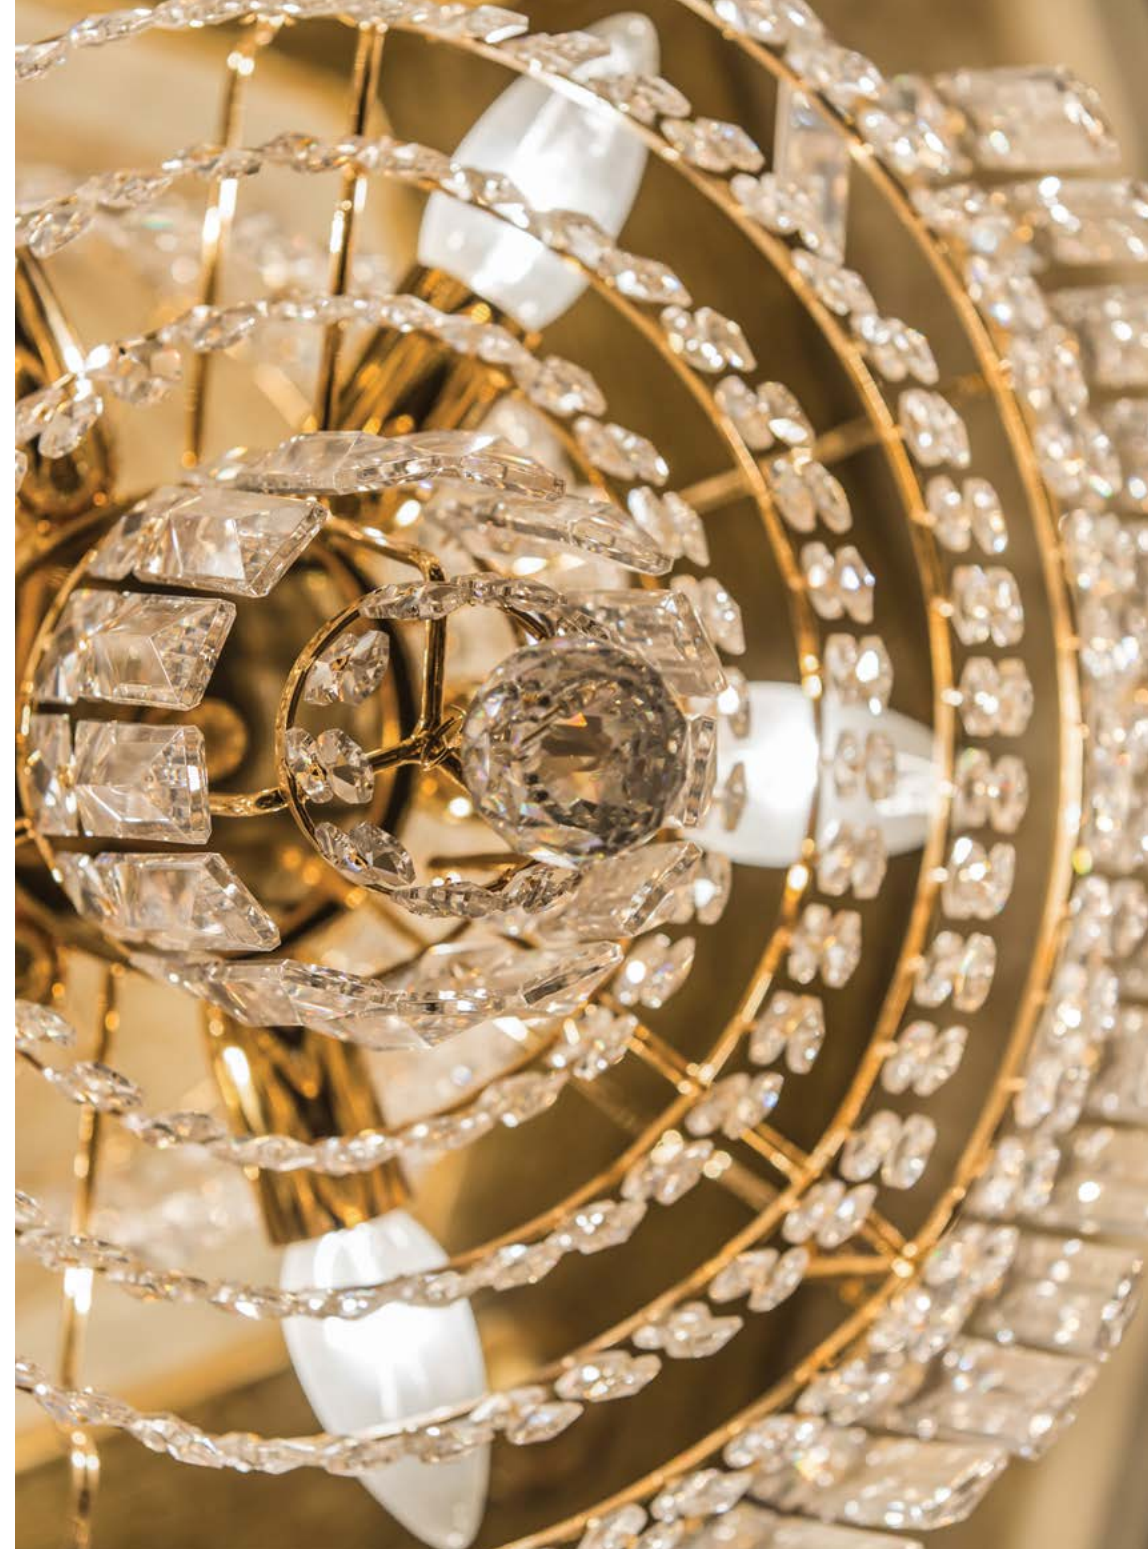

THE POLICE EVENTS HOUSE

CAIRO, EGYPT

In this prestigious establishment, Asfour Crystal designed the VIP hall's chandelier to suit the size and design of the hall, adding to its glamour and authenticity. The main hall's chandelier encompasses 79,501 crystals and measures 200 cm in diameter and 70 cm in height.

ADVISORY BOARD OF THE GULF COOPERATION COUNCIL

MUSCAT, SULTANATE OF OMAN

In 2016, Asfour Crystal carried out the project of creating the central chandeliers for the renowned Advisory Board of the GCC in Muscat, Oman. The central chandelier installed in the Advisory Board has an astounding diameter and height of 400 cm and is surrounded by several other copper chandeliers of various sizes, all plated with 24-karat gold.

DIPLOMATIC CLUB

MUSCAT, SULTANATE OF OMAN

Asfour Crystal embellished the Diplomatic Club with several exquisite chandeliers, of which the main entrance and reception chandeliers hold a diameter of 2 meters. The main celebration hall of the club has three chandeliers, two of which hold a diameter of 2.35 cm. The third chandelier, placed in-between, encompasses an impressive diameter and height of 4 meters. This last one is a Maria Theresa model coated with 24-karat gold, a true piece of art decorating the halls of the Diplomatic Club and illustrating Asfour Crystal's identity.
